

<b>Plant Name</b>	<b>Plant Description</b>	<b>Price</b>
<b>Abutilon vitifolium</b> <b>'Veronica Tenant'</b>	Large saucer like pale purple flowers over summer. Handsome felty foliage. Good against a sunny wall.	<b>£10.00</b>
<b>Abutilon 'Orange Hot Lava'</b>	Profuse, large deep orange flowers cover an easy -to-grow shrub for most of the season. Preferably against a wall or in a sheltered corner, hardy down to -8C.	<b>£10.00</b>
<b>Acacia dealbata AGM</b>	Hardy and very vigorous Acacia with silvery-green feathery foliage and a profusion of yellow flowers in Spring. Forms a small tree.	<b>£12.50</b>
<b>Acacia pravissima</b> AGM	Curios looking Acacia with pendant branches of evergreen, grey-green triangular leaves held tight to the stem. Fragrant racemes of yellow flowers are profusely borne. Sunny site. Has proved hardy in many areas.	<b>£12.50</b>
<b>Acanthus sennii</b>	A native of the Ethiopian Highlands, this rare evergreen has holly-like leaves and spikes of burnt orange flowers are produced in late summer and autumn.. Scrambling habit. Grows well in containers. To 6ft.	<b>£10.00</b>
<b>Acer palmatum</b> <b>'Garnet' AGM</b>	Finely divided rich purple foliage retains its colour all season. Small slow growing bush, Large plants.	<b>£75.00</b>
<b>Acer rubrum</b> <b>'Summer Red'</b>	New form with leaves emerging in spring flushed red and staying red all summer until a final autumnal display.	<b>£50.00</b>
<b>Acorus gramineus</b> <b>'Ogon'</b>	Graceful arching grass-like plant with unusual one-sided tufts of foliage brightly striped gold and cream. Compact to 12 inches. Easily grown.	<b>£8.50</b>
<b>Actaea</b> - includes former <i>Cimicifuga</i> species	Woodland dwellers with handsome, deeply divided foliage and spires or clusters of white or pink flowers. Some species have spectacular berries.	
<b>Actaea japonica</b> <b>'Cheju-Do'</b> ( <i>Cimicifuga</i> )	Clumps of rounded scalloped edged foliage from which arises strong stems bearing whiskery white flowers. Very free flowering 3ft. Good in shade.	<b>£10.00</b>
<b>Actaea rubra</b>	An elegant clump of finely-cut foliage producing fluffy white heads of flowers followed by spires of pea-sized glistening scarlet berries. 3ft. Cool shaded position.	<b>£8.50</b>
<b>Adiantum pedatum</b> <b>'Japonicum'</b>		<b>£8.50</b>
<b>Adiantum venustum</b> AGM - <b>Himalayan Maidenhair Fern</b>	Small classic Maidenhair Fern, with bronze tinted new growth which unfurl into bright spring green romb-shaped leaflets, which elegantly drape off thin black stems. Semi-evergreen and hardy. 6 ins. Good for a shady damp spot.	<b>£8.50</b>
<b>Actaea rubra 'Alba'</b>	As above but with silver white berries on scarlet stalks.	
<b>Actaea simplex var. matsumurae</b> <b>'White Pearl'</b>	Elegant fresh green clumps of foliage topped by tall wiry stems bearing bottle-brush flowers of pure white in autumn. To 4ft .	
<b>Actaea simplex var. simplex</b> <b>'Brunette'</b> AGM	Large divided leaves are exceptionally dark purple. Ivory-white bottle-brush flowers are held aloft on wiry stems August to October. To 5ft but needs no staking.	

<b>Actaea simplex var. simplex</b> <b>'Atropurpurea'</b>	Large divided fern-like leaves are purple tinted. Ivory white bottle-brush flowers are held aloft on wiry stems August to October. To 6ft but needs no staking, not for dry soil.	
<b>Adenophora liliifolia</b>	Lilac-blue, pendulous Campanula-like flowers are produced June to August. 2½ to 3ft. Easily grown. Prefers full sun.	
<b>Adiantum pedatum</b> <b>'Japonicum'</b>	Delicate, lacy, Maidenhair Fern-like fronds are warm red-brown, maturing green. A beautiful fern, quite hardy, but best in a sheltered spot. 18ins.	
<b>Adiantum venustum</b>	A deciduous fern, smaller than A. pedatum. Fronds brown-tinted when young	
<b>Aesculus parviflora</b> AGM	A large shrubby mound freely producing large white candles with whiskery red anthers in July/Aug. An excellent lawn specimen.	<b>£12.75</b>
<b>Agapanthus - Blue African Lily</b>	Mostly originating from South Africa, these lilies look exotic and extravagant in a border or in a tub. Stout stems support bunches of blue or white tubular bells well above rosettes of glossy green, strap-like foliage.	
<b>Agapanthus 'Black Buddhist'</b>	New, darkest purple Agapanthus with dark buds. Evergreen. 3ft.	<b>£10.00</b>
<b>Agapanthus Dr. Brouwer</b>	Tall dark stems with dark buds which open to pale sky blue with a darker mid-rib. 3ft. Semi-evergreen.	<b>£10.00</b>
<b>Agapanthus 'Midnight Cascade'</b>	Long drooping deep purple almost black flowers on strong upright stems. 3ft. Semi Evergreen.	<b>£12.50</b>
<b>Agapanthus 'Purple Delight'</b>	Rich Purple flower-heads freely produced in late summer above evergreen clumps of fresh green strap-like foliage 3ft.	<b>£12.50</b>
<b>Agapanthus 'Taw Valley'</b>	Intense dark blue flower umbels on a plant with slender leaves. Quite stunning! Deciduous, 18ins to 2ft.	<b>£10.00</b>
<b>Alchemilla mollis 'Robusta'</b> AGM	Attractive rounded downy leaves topped by lax long-lasting feathery sprays of yellow stars. Easily grown and very effective ground cover, sun or shade. 18ins by 2ft spread.	<b>£7.50</b>
<b>Alstroemeria 'Indian Summer'</b>	If you are looking for 'Shocking and Bright', this is it. Orange, yellow and red trumpet shaped flowers produced in abundance on stout upright stems with dark flushed foliage. Easily grown and effective in a pot. Sun or part shade.	<b>£12.50</b>
<b>x Amarine belladiva 'Aphrodite'</b>	<b>NEW!</b> , large flowers of soft pink petals with bright pink midrib in elegant heads on this new inter-generic hybrid between Amaryllis and Nerine. Autumn flowering bulb for a warm spot. 16 ins.	<b>£10.00</b>
<b>Amelanchier 'Ballerina'</b> AGM	Abundant racemes of large white flowers are produced in spring amongst bronze-tinted new foliage. Brilliant red autumn colour. A large upright growing shrub or may be trained into a small tree. Easily grown on a range of lime-free soils including here on heavy Wealden clay.	<b>£14.50</b>
<b>Amsonia - Bluestar</b>	Slow growing, clump forming perennials from the US and S. Africa.	

<b>Amsonia 'Blue Ice'</b>	Compact plant with large bright blue flowers in terminal clusters. Long lived and trouble free. 18 ins.	<b>£8.50</b>
<b>Amsonia tabernaemontana 'Storm Cloud'</b>	A mass of large heads of bright dusky blue flowers on stout dark stems. 2ft.	<b>£8.50</b>
<b>Anthemis tinctoria 'E.C. Buxton'</b>	Showy perennial with daisy like flowers produced over a long period in summer. 'E.C. Buxton' is a cool lemon yellow invaluable for flower arranging. 3ft .	<b>£7.50</b>
<b>Anthemis tinctoria 'Lemon Ice'</b>	Cream daisy flowers with a warm yellow centre. Freely produced over summer over clumps of fern like foliage. 3ft. Sun and good drainage.	<b>£7.50</b>
<b>Anthemis sancti-johannis</b>	Bright orange daisy flowers above aromatic clumps of leafy foliage. 2ft. Sun and good drainage.	<b>£7.50</b>
<b>Anthericum liliago</b>	Spikes of open trumpet-shaped white flowers on slender stems. Narrow grass-like foliage. 3ft. Sun and good drainage.	<b>£8.50</b>
<b>Arbutus unedo AGM - Killarney Strawberry Tree</b>	Small evergreen tree, slow to 20ft. Bark gnarled, dark and shedding. White flowers in autumn, strawberry-like fruit. Plants trained on a single stem as a tree.	<b>£12.50</b>
<b>Ardisia japonica 'Houkan'</b>	New form with leathery evergreen foliage brightly marked yellow and pink. Hardy and good low evergreen ground cover for part shade. White flowers followed by red berries.	<b>£6.50</b>
<b>Artemisia - Wormwood</b>	Valuable garden plants mainly grown for foliage effect. All require full sun and well drained soil and benefit from hard spring pruning.	
<b>Artemisia abrotanum AGM - Lad's Love</b>	Old cottage garden shrub. Planted by a path it releases it's sweet aroma when brushed. Grey-green soft filigree foliage. 3ft.	<b>£4.50</b>
<b>Artemisia ludoviciana 'Valerie Finnis' AGM</b>	A beautiful form with broad jagged silver leaves . Vigorous and reliable. 2ft.	<b>£7.50</b>
<b>Arum italicum ssp. negl. 'Chameleon'</b>	<b>Jack-in-the-pulpit.</b> Particularly good form with large shield-shaped leaves having a silvered centre section.	<b>£7.50</b>
<b>Aruncus</b>	Handsome woodland perennials, that also thrive in the shady border. Leaves pinnate, of a fresh green, and flowers creamy white in airy, elegant sprays.	
<b>Aruncus dioicus AGM</b>	Forming a hummock of fern-like deep green leaves, topped by great creamy plumes of starry flowers in summer. Makes a fine specimen. 6ft high by 4ft.	<b>£8.50</b>
<b>Aruncus dioicus 'Zweiweltenkind' ('Child of Two Worlds')</b>	A more dense, tighter form with an overall brownish tone to the whole plant. As the name suggests, it has an ephemeral, shadowy character, with the whiteness of the flowers, that are produced later than the type, shining against the dark foliage .	<b>£10.00</b>
<b>Aruncus 'Misty Lace'</b>	A compact hybrid with forming a dense mound of fern-like foliage topped by freely produced feathery heads of creamy-white. 3ft.	<b>£8.50</b>

<b>Arundo donax 'Golden Chain'</b>	A tall grass with leaves striped boldly gold. A unique plant first named by Liam Mackenzie of Madrona Nursery.	<b>£16.50</b>
<b>Arundo donax 'Versicolor'</b>	Beautiful variegated form with broad white striped leaves. makes a wonderful specimen plant in the garden or a a large container. 6ft	<b>£16.50</b>
<b>Asarum epigynum 'Takasago-Saishin'</b>	Deep glossy arrow-shaped leaves are heavily marked silver. Very handsome. Good in a pot-part shade or the woodland garden.	<b>£6.50</b>
<b>Asarum europaeum AGM</b>	Glossy rounded evergreen leaves and a curious brown flower, much like an insect. Good for ground cover in shady positions. Invaluable under shrubs.	<b>£7.50</b>
<b>Asarum 'Koton'</b>	Large leathery heart-shaped leaves are dark green, heavily marked silver. 3 lobed flowers are purple with a white centre. Good in pot.	<b>£7.50</b>
<b>Asarum maximum 'Ling Ling'</b>	The Panda Ginger. Large heart shaped leaves are dark green with silver markings. Extraordinary flowers in late Spring look like the face of a Panda.	<b>£8.50</b>
<b>Asarum maximum 'Silver Panda'</b>	Leaves overlaid with prominent silver markings.	<b>£8.50</b>
<b>Asparagas virgatus</b>	South African Broom Fern- (not a fern) A 3ft high clump of airy fern-like foliage. Red berries. Good for floral arrangements or as a foil in the border.	<b>£8.50</b>
<b>Asphodeline lutea</b>	Conspicuous rosettes of soft blue-grey grass-like foliage and tall spires of large starry warm yellow flowers in early summer, followed by long lasting attractive seed heads. Sun and drainage. To 5ft.	<b>£8.50</b>
<b>Aspidistra 'China Star'</b>	Deep green evergreen leaves are speckled yellow. Good in a pot or shade and good drainage.	<b>£10.00</b>
<b>Aspidistra elatior AGM - Cast-iron Plant</b>	Popular in Victorian times as a houseplant, tolerating well shady and dry conditions and very long lived. The broad evergreen leaves are also useful in the garden.Prefers a shady sheltered spot. 2ft .	<b>£10.00</b>
<b>Asplenium x ebenoides AGM</b>	Dragon's Tooth Fern Slender tapering fronds -singly diseccted. Attractive small fern, good in a pot in a shady spot.	<b>£8.50</b>
<b>Asplenium trichomanes AGM</b>	Trim looking, neat fern with black leaf stalks and tiny rounded pinnae. On walls and rock faces. Evergreen. 8ins.	<b>£7.50</b>
<b>Astelia chathamica 'Silver Spear'</b>	Evergreen plant with bold spear-like leaves of a good silver in a central rosette. A striking accent plant and good in a tub. Grow in full sun to part-shade in humid but drained soil. Grows best in cooler parts of the country. 3ft.	<b>£12.50</b>
<b>Aster - Michelmas Daisy</b>	Indispensable late summer and autumn flowering. Easy to grow in sun or part shade and forgiving of soil.	

<b>Aster glehnii var. glehnii</b>	Large-scale perennial Aster with masses of small white flowers in large flowerheads over broad heart shaped leaves. Up to 7ft! Sun to part shade, not too dry.	<b>£10.00</b>
<b>Aster 'Herfstweelde'</b>	Beautiful Aster with very full sprays of lavender with a paler eye on a sturdy plant with good mildew resistance. A Piet Oudolf introduction! 4ft.	<b>£8.50</b>
<b>Aster tradescantii</b>	Tall erect stems clothed with narrow dark green leaves are topped by airy clouds of tiny white flowers with a yellow centre. Very late flowering contrasting well with red berries and autumn colour. 4ft.	<b>£8.50</b>
<b>Astilbe chinensis 'Purpurkerze'</b>	(Syn 'Purple Candle') Dense spires of rich red-purple over dark green glossy foliage. More tolerant of sun and drought than other Astilbes. To 4ft.	<b>£10.00</b>
<b>Astilbe 'Chocolate Shogun'</b>	New from Japan. This Astilbe has the darkest ever foliage. Colour is held through to Autumn. Soft pink flowers fading to white contrast beautifully with the foliage. 3ft. Hardy and easy.	<b>£12.50</b>
<b>Astilbe simplicifolia 'Staussefeder'</b>	(Syn 'Ostrich Plume') Most elegant Astilbe with tall drooping pale salmon pink flowers and rich green ferny foliage. 3½ft.	<b>£10.00</b>
<b>Astrantia - Motherwort</b>	Dense clumps of fresh green divided foliage above which rise wiry stems topped by posies of pink or white florets with a pale green collar. Sun or part shade. Excellent for flower arranging.	
<b>Astrantia 'Buckland'</b>	A form with pale pink flowers and green bracts. Very handsome!	<b>£8.50</b>
<b>Astrantia major 'Claret'</b>	A most striking form of <i>Astrantia major</i> . Loose heads of darkest red flowers are held above clumps of deeply lobed and toothed leaves in summer.	<b>£8.50</b>
<b>Astrantia major 'White Giant'</b>	Large pure white flowers on upright stems in early summer. Hardy and easy in sun or part shade. Largest flower size on established clumps.	<b>£10.00</b>
<b>Athyrium filix-femina 'Frizelliae'</b>	Tatting Fern. Small rounded leaflets with serrated edges are arranged on long thin stalks. A most distinct fern. 2 ft.	<b>£10.00</b>
<b>Athyrium nipponicum 'Pewter Lace' Japanese Painted Fern</b>	Beautiful fern with wine-red leaf stalks and metallic grey-blue fronds. 2ft.	<b>£10.00</b>
<b>Baptisia australis 'Solar Flare'</b>	Amazing new Baptisia hybrid. Bright yellow flower spikes elongate to form the tallest of any of the new hybrids. Fully hardy with blue-green foliage. Sunny site.	<b>£12.50</b>
<b>Beesia calthifolia</b>	Handsome glossy heart-shaped leaves with deep silvery veins and starry white flowers on this rare shade loving perennial from China. Evergreen in milder areas. To 2ft.	<b>£10.00</b>
<b>Begonia luxurians AGM</b>	Tender Begonia with large lush fingered leaves which lend a tropical look to any planting! Upright to 5ft, or more under glass.	<b>£12.50</b>

<b>Betula - Birch</b>	A group of trees grown for their graceful habit and decorative bark, which is often peeling. Grows well on most soils - avoid shallow soil over chalk.	
<b>Betula jacquemontii 'Doorenbos'</b>	Vigorous broadly conic tree with very white bark. Handsome heart-shaped foliage and long catkins in Spring. Tolerates a wide range of soils from sand to heavy clay.	<b>£35.00</b>
<b>Betula 'Karaca'</b>	A small shrub with graceful arching branches and finely cut filigree leaves. Good yellow autumn colour. Fully hardy.	<b>£16.50</b>
<b>Betula utilis var. j. 'Grayswood Ghost'</b>	An exceptional form with pure white trunk and branches. Bark peels well and is ornamental all year.	<b>£40.00</b>
<b>Blechnum chilense</b>	Stiffly upright deep green fronds can be 5ft tall. Tough and tolerant of shade or a little sun. Best performance in deep loam where it may run.	<b>£12.50</b>
<b>Boehmeria nivea</b>	Upright stems with leaves like stinging nettles but more attractive and do not sting. Pipe cleaner like flowers are red and produced in late summer arching from the stems. Interesting hardy perennial. 3ft.	<b>£8.50</b>
<b>Briza media 'Golden Bee' - Quaking Grass</b>	Compact form of Quaking grass, with golden-green flowers and a neat habit. 15ins.	<b>£10.00</b>
<b>Briza media 'Limouzi' - Quaking Grass</b>	Endearingly beautiful perennial grass, flowers with masses of little heart-shaped green lockets with a purple tinge in summer. Clump forming, does not run. 18ins.	<b>£8.50</b>
<b>Broussnetia papyrifera 'Laciniata'</b>	Extraordinary plant with deeply lobed leaves in which each lobe is reduced to a long hairlike segment, grey-purple in colour. Not a strong grower, but reliable. We have a plant 20 y old, 6 ft tall. Prefers shelter from strong winds.	<b>£14.50</b>
<b>Buddleja alternifolia AGM</b>	Long wreaths of scented lilac flowers in May. Delicate-looking foliage on arching branches. May be trained up to form a small tree to good effect.	<b>£20.00</b>
<b>Bulbinella hookeri</b>	Robust perennial with grass like foliage and upright poker spikes with whiskery yellow flowers. Well drained site.	<b>£8.50</b>
<b>Bupleurum fruticosum</b>	Evergreen shrub covered with acid yellow umbels midsummer onwards. Blue-green shiny foliage. Seaside plant, bushy shrub up to 3ft.	<b>£16.50</b>
<b>Buxus sempervirens 'Longifolia'</b>	A form of the Common Box; dark green narrowly-oblong leaves. Pendulous branches. Very effective trained as a small tree.	<b>£12.75</b> <b>larger plants</b> <b>£20.00</b>
<b>Calliandra surinamensis</b>	Charming plant with finely divided foliage and large sparkling pink powder-puff flowers over summer. Sheltered garden or pot plant. Will take some frost.	<b>£24.00</b>
<b>Callicarpa bodnieri var. giraldii 'Profusion' AGM</b>	Brilliant crop of bright violet-purple berries on a medium sized shrub for sun or dappled shade. Best berry production when planted in small groups. A real stunner for the autumn garden! To 8ft.	<b>£16.50</b>

<b>Callirhoe involucrata</b>	A quick growing ground cover plant, studded with silky-satiny cerise flowers, produced all through the summer. Easily mistaken for a particularly fine Geranium, this is really an American member of the Malvaceae family from the Texan prairies! A treasure	<b>£8.50</b>
<b>Caltha palustris ssp polypetala</b>	A larger form of Marsh Marigold for stream and pond sides, or any fairly wet location. Vigorous , shining green plant with rounded, crenate leaves and golden flowers, 8-10 cm across. Flowers March to May. If grown by water will reach out floating on the surface for 3ft or more from the bank.	<b>£8.50</b>
<b>Calycanthus 'Aphrodite'</b>	Very similar to C. Hartlage Wine but with larger flowers. Various sizes available from-	<b>£20.00</b>
<b>Calycanthus x raulstonii 'Hartlage Wine'</b>	Exciting new shrub with large, lightly scented, wine coloured flowers over lush oval leaves all through summer. Sun or part shade. To 12ft.	<b>£20.00</b>
<b>Calystegia hederacea 'Flore Pleno'</b>	Double form of Japanese Bindweed. Large flesh coloured Camellia-like flowers with densely set ruffled petals. Twining climber with attractive narrow sagitate leaves. Probably best grown in a tub to restrict its wandering roots. 4ft.	<b>£10.00</b>
<b>Camassia leichtlinii suksdorfii 'Caerulea'</b>	Star shaped violet-blue flower spikes on strong upright stems above strap like leaves. Fully hardy and can be naturalized in meadows, even clay soils. 3ft.	<b>£8.50</b>
<b>Carex - Sedge</b>	A diverse family of grass-like evergreen, rhizomatous perennials which grow in dense tufts.	
<b>Carex 'Feather Falls'</b>	A beautiful grass with very long evergreen leaves striped creamy white. Grown in a tall pot, the leaves arch out and down to the ground. Sun or shade.	<b>£16.50</b>
<b>Carex pendula - Giant Drooping Sedge</b>	Arching broad green leaves form clumps topped by long pendulous flower spikes in summer. 4ft. Enjoys cool shady spots and wet soils. A native plant, striking when in flower. Can be invasive.	<b>£8.50</b>
<b>Carex 'Ribbon Falls'</b>	As C. Feather Falls but leaves are a deep green.	<b>£16.50</b>
<b>Carex siderosticha 'Banana Boat'</b>	Form with 1inch wide golden leaves thinly margined green. Deciduous. 8-12 ins.	<b>£8.50</b>
<b>Catalpa bignonioides 'Aurea' AGM</b>	Magnificent, fairly slow growing small tree. Large velvety leaves held like plates, holds a rich golden colour all summer. Plant with shelter from strong winds. Large plants	<b>£30.00</b>
<b>Catalpa speciosa 'Pulverulenta'</b>	Enormous leaves heavily speckled cream on a small slow growing tree to 10ft. Cream flowers with purple markings in large panicles on older plants. Spectacular focal point!	<b>£30.00</b>
<b>Cenolophium denudatum</b>	Airy heads of white lace-like flowers in summer on wiry stems above fern-like foliage. Semi-evergreen and reliably perennial.2ft. Sunny site.	
<b>Centaurea montana 'Gold Bullion'</b>	Clumps of soft golden foliage contrasts with bright blue corn flowers. Sun and good drainage. 18ins.	<b>£8.50</b>

<b>Cercis canadensis 'Merlot'</b>	A fine new hybrid with one parent C. Forest Pansy. It is a better plant around. Rich purple heart shaped leaves with a glossy sheen and a firmer texture. A strong grower forming a vase shaped bush or can be trained into a small tree.	<b>£30.00</b>
<b>Cercis siliquastrum</b>	An elegant small tree with beautiful heart-shaped, blue-green leaves, bronze when young and turning yellow in autumn. Magenta pink flowers appear before the leaves and challenge any Flowering Cherry.	<b>£20.00</b>
<b>Cestrum nocturnum</b>	Intoxicating fragrance produced in the evening. Creamy yellow flowers. Best grown as a pot plant as not frost hardy.	<b>£8.50</b>
<b>Cestrum parqui AGM</b>	Sweetly scented yellow flowers in panicles in June and July. Unpruned, to 8ft but good cut almost to the ground in early spring.	<b>£16.50</b>
<b>Chasmanthium latifolium</b>	A woodland grass with arching large pale green oat-like flowers which are so thin, they appear 2 dimensional. Bright green broad soft foliage. Whole plant turns bronze in autumn. Easily grown where not too dry. 2ft.	<b>£8.50</b>
<b>Chasmanthium latifolium 'River Mist'</b>	As above but leaves are striped white.	<b>£8.50</b>
<b>Chrysanthemum</b>	The Nursery is building up a small, but well chosen , collection of Hardy Chrysanthemums. These are very versatile perennials, and add a wide choice of colours in late autumn, always a welcome sight.	
<b>Chrysanthemum 'Dixter Orange'</b>	Masses of clear orange filled flowers and a compact habit, makes this selection by the late Christopher Lloyd a star in the autumn garden. 2½ft.	<b>£8.50</b>
<b>Chrysanthemum 'Emperor of China'</b>	Silvery pink, filled flowers and foliage that turn a deep wine colour combine to stunning effect. One of the oldest hardy Chrysanthemums, grown in China since 2300 years! 3ft.	<b>£8.50</b>
<b>Chrysanthemum 'Esther'</b>	A fabulous hardy Chrysanthemum, in constant flower from June to November! Profuse peachy pink semi-double flowers, some with a golden eye. 3ft.	<b>£8.50</b>
<b>Chrysanthemum rubellum 'Winning's Red'</b>	Dense clumps of foliage freely produce beautiful, narrow-petalled, single red daisy flowers in late summer/autumn. Reliable and easily grown. 3ft.	<b>£10.00</b>
<b>Chrysanthemum 'Ruby Mound'</b>	Deepest glowing purple flowers in profusion. A taller growing variety but may be kept compact by a May/June trim	<b>£8.50</b>
<b>Cirsium rivulare 'Trevor's Blue Wonder'</b>	Flowers are a cool purple with a hint of blue and the stems are covered in white down, giving a good contrast. Strong flower stems. Sunny site 3ft.	<b>£8.50</b>
<b>Cladrastis kentuckea (C. lutea)</b>	Hanging racemes of white flowers, fragrant and with a slight yellow flush in early summer. Handsome small tree with pinnate foliage.	<b>£25.00</b>

<b>Clerodendrum bungei</b>	Large heart-shaped leaves on dark coloured stems topped by bold clusters of rosy-red flowers in Aug/Sept. Forms a thicket of stems to 8ft. The leaves emit an unsavoury odour when crushed while the flowers are sweetly fragrant.	<b>£12.50</b>
<b>Clerodendrum trichotomum 'Carnival'</b>	Large heart shaped leaves are beautifully variegated cream and yellow.	<b>£12.50</b>
<b>Clerodendrum trichotomum fargesii</b>	Fragrant maroon and white flowers in August followed by startling bright blue with maroon calyces. Quick growi-shrub or small tree colouring well	<b>£12.50</b>
		
<b>Clerodendrum trichotomum 'Shiro'</b>	New form collected in Japan. Fragrant white flowers in summer are followed by the typical blue berries but in this plant, the calyces backing the berries are white. To 8ft.	<b>£20.00</b>
<b>Coreopsis - Tickseed</b>	This group of plants is grown for its daisy-like flowers. Most prefer full sun and fertile, well-drained soil.	
<b>Coreopsis grandiflora 'Solar Dance'</b>	Bright golden-yellow flowers with an orange centre. Free flowering throughout summer. Sun and good drainage. A hardy and easy plant. 18inches.	<b>£8.50</b>
<b>Coreopsis 'Ruby Frost'</b>	New form with ruby-red flowers with a white edge. Very showy and flowers over a long period. Hardy with sun and good drainage. 18inches	<b>£8.50</b>
<b>Coreopsis verticillata 'Moonbeam'</b>	Primrose yellow flowers produced all summer on clumps of finely divided dark, blackgreen leaves. Well-drained sunny spot. 18 inches.	<b>£7.50</b>
<b>Coreopsis 'Zesty Zinger'</b>	A profusion of white flowers flushed violet purple.. Very showy. 18ins. Sun and good drainage.	<b>£8.50</b>
<b>Cornus</b>	A wide group of shrubs and trees, mainly easily grown, some of which have large showy bracts. Those grown for their winter stem colour should be hard pruned every spring.	
<b>Cornus alternifolia 'Argentea' AGM</b>	Small creamy-white margined leaves hang on horizontally tiered branches. A choice architectural plant growing to 6ft.	<b>£25.00</b>
<b>Cornus alternifolia 'Golden Shadows'</b>	Strongly golden-variegated lush leaves and layered branches, which form a pagoda effect (sometimes with the help of a little judicious pruning). Full sun to semi shade. Small specimen tree to 12ft.	<b>£25.00</b>
<b>Cornus controversa 'Variegata' AGM</b>	Highly ornamental small tree bearing horizontally tiered branches and leaves variegated boldly cream. Like a larger form of the above.	<b>£25.00</b>
<b>Cornus 'Empress of China'</b>	New form which is semi-evergreen and produces a profusion of large white blooms so thickly arrayed along the branches that the leaves are hidden. Leaves are shiny. Forms a large shrub. Sun or a little shade.	<b>£25.00</b>

<b>Cornus kousa 'Autumn Rose'</b>	Large creamy white bracts in early summer become red tinged. Creamy -green foliage also colours well in autumn.	<b>£40.00</b>
<b>Cornus kousa 'Beni Fuji'</b>	This is a really lovely deep pink C. kousa, collected on Mt Fuji. Slow growing, eventually 10 to 15 ft.	<b>£50.00</b>
<b>Cornus kousa var. chinensis 'China Girl'</b>	Wider bracts and earlier flowering in this particularly lovely selection of <i>Cornus kousa</i> .	<b>£50.00</b>
<b>Cornus kousa 'Couronne'</b>	New form with large white bracts which are twisted and curled. Looks striking from a distance. Forms a large shrub.	<b>£40.00</b>
<b>Cornus kousa 'Marwood Dawn'</b>	Large pink flowers in early summer. A very free flowering form selected by Dr. smart of Marwood Hill Gardens	<b>£30.00</b>
<b>Cornus kousa 'Marwood Twilight'</b>	Large white flowers in early summer. A very free flowering form with good autumn colour. Selected and named by Dr Smart of Marwood Hill gardens.	<b>£30.00</b>
<b>Cornus kousa 'Scarlet Fire'</b>	The best pink C. Kousa. New and not widely available. Flowers are a good size and a really rich deep pink. Freely produced when established. Forms a large shrub.	<b>£75.00</b>
<b>Cornus kousa 'Schmetterling Butterfly'</b>	Selected form with large white flowers produced prolifically on a large shrub. Good autumn colour.	<b>£40.00</b>
<b>Cornus 'Norman Hadden' AGM</b>	Large cream coloured bracts which turn pink. Berries are very showy. Strong growing and semi evergreen.	<b>£25.00</b>
<b>Cornus 'Venus'</b>	Amazing form developed from an American breeding program. Flowers are creamy white and much bigger than any other flowering Cornus.	<b>£30.00</b>
<b>Cotinus coggygria 'Royal Purple' AGM - Smoke Bush</b>	Deep purple foliage, wine red in autumn. Pink inflorescences give smoky effect. 10ft.	<b>£10.00</b>
<b>Crambe cordifolia AGM</b>	A mound of large, dark green deeply-cut leaves, topped by clouds of thousands of tiny, strongly scented white stars in June. 6ft tall by 4ft spread. A magnificent large plant for a sunny spot .	<b>£10.00</b>
<b>Crambe maritima AGM</b>	Undulating, blue-grey leaves with edible purple shoots emerging in spring. Growing well in coastal situations. Large heads of small white flowers from May to July. 2ft.	<b>£10.00</b>
<b>Crinodendron hookerianum</b>	An upright evergreen shrub with toothed narrow dark green leaves. Attractive lantern shaped waxy red flowers. Best against a sheltered wall.	<b>£12.50</b>
<b>Crinodendron hookerianum 'Ada Hoffman'</b>	As above but pure white flowers.	<b>£12.50</b>
<b>Crinodendron patagua</b>	An upright evergreen shrub with glossy green leaves. Attractive scented bell-shaped fringed white flowers. Grow against a sheltered wall.	<b>£12.50</b>
<b>Crinum x powellii AGM</b>	Rose pink frgrant trumpets on an Amaryllis-type bulb with strap-like leaves. Hardy outdoors in a sheltered position. 4ft.	<b>£10.00</b>

<b>Crinum x powellii</b> <b>'Album'</b> AGM	As above, but flowers pure white. A noble plant, much treasured at Sissinghurst.	<b>£10.00</b>
<b>Crocoshmia</b>	Upright sword-like foliage and arching sprays of flowers in late summer. Easily grown in sun or part shade.	
<b>Crocoshmia 'Emily McKenzie'</b>	Sprays of very large nodding flowers, dark orange with a red splashed throat. Clumps of strong foliage. 2ft. Beautiful free-flowering Crocoshmia.	<b>£7.50</b>
<b>Crocoshmia 'Fugue'</b>	Excellent new variety with large, soft orange flowers in elegant trusses. Sturdy and upright.	<b>£8.50</b>
<b>Crocoshmia 'Hellfire'</b>	New form, vigorous and tall with pleated foliage, much like C. 'Lucifer' but flowers are darker purer red with no hint of yellow. 3-4ft.	<b>£8.50</b>
<b>Crocoshmia 'Orange Pekoe'</b>	Large flowers, light yellow inner with a broad orange edge, outside flushed red. Compact at 2ft.	<b>£10.00</b>
<b>Crocoshmia 'Paul's Best Yellow'</b>	Large pure warm yellow flowers really stand out, even from a distance. Foliage is healthy and bright green. 3-4ft.	<b>£8.50</b>
<b>Crocoshmia 'Twilight Fairy Gold'</b>	New! Short bronzed foliage and warm yellow large flowers in branched sprays combine beautifully. 12-14ins.	<b>£8.50</b>
<b>Cryptomeria japonica 'Rasen-Sugi'</b>	Spectacular upright growing conifer with strong leader and spiraled branches and needles. Striking planted in a lawn.	<b>£15.00</b>
<b>Cunninghamia konishii</b>	A very glossy green leaf colour and neat conic shape makes it an interesting tree even for a small garden in the short term. An unusual conifer similar to a Monkey Puzzle tree but with flattened leaves either side of the stem.	<b>£18.50</b>
<b>Cupressocyparis leylandii 'Green Ornament'</b>	Rare form with very contorted branches. Forms a very curious sight.	<b>£12.50</b>
<b>Cupressus funebris</b>	Fine foliage drapes from the semi-pendulous branches.	<b>£18.50</b>
<b>Cynara cardunculus</b> AGM - <b>Cardoon</b>	Magnificent large perennial with deeply divided silver leaves 4ft long. Stout stems bear immense purple thistle heads 6ft tall. Sunny well-drained site .	<b>£8.50</b>
<b>Daphne odora 'Perfume Princess'</b>	A hybrid between D. odora and D. Bholua. It has the best qualities of both. Very free flowering and powerfully fragrant. Large flowers open deep pink and turn white and are produced down the stem.3ft.	<b>£20.00</b>
<b>Davidia involucrata 'Sonoma' - Handkerchief Tree</b>	Rare cultivar of the Handkerchief Tree, which flowers at a very young age - already from 2 years! Large white bracts hang cloth-like amongst the large handsomely textured leaves. Later the tree is covered in peculiar round hard fruit - like little lanterns! Shapely specimen tree to 10 -12ft.	<b>£40.00</b>
<b>Decaisnea fargesii - Dead Man's Fingers</b>	Tall erect stems furnished with enormous pinnate leaves. Drooping clusters of bell-shaped greenish flowers followed by broad bean shaped pods with a metallic blue bloom. 10ft	<b>£16.50</b>

<b>Deschampsia cespitosa</b> <b>'Goldtau' Golden Dew</b>	Robust and elegant mound forming ornamental grass. Flowers early summer onwards with large billowing clouds of fine spikelets, looking like the plant is covered in dew, hence the name. Light golden green colouring turns to pure gold in the autumn. Sun or part shade. 2½ft.	<b>£10.00</b>
<b>Desmodium callianthemum</b>	An arching upright shrub with dark green leaves above and hairy beneath. Long panicles of pea-like lilac-pink flowers produced over a long period in summer. Sunny site and good drainage.	<b>£12.50</b>
<b>Desmodium elegans</b> <b>'Dark Flowered Form'</b>	Unusual and rare plant which ought to be known more. A neat rounded shrub which produces long arching racemes of pink flowers for a long period from early summer. Hardy. Good in a container for a sunny position.	<b>£14.50</b>
<b>Deutzia 'Dark Eyes'</b>	A wild collected Deutzia with large flowers with dark purple centres in small clusters. New and exciting!	<b>£12.50</b>
<b>Dianella caerulea</b> <b>'Blue Moon'</b>	Stunningly large blue berries and broad strap-like evergreen foliage. A woodland perennial for semi-shade. Good dense groundcover. 18 ins.	<b>£15.00</b>
<b>Diascia 'Ruby Fields'</b>	A charming mat forming perennial with shallowly toothed green leaves and long racemes of deep salmon-pink flowers produced all summer. Full sun. Also good in container.	<b>£7.50</b>
<b>Dicentra scandens</b>	A rare Dicentra with a difference! Scrambling herbaceous perennial vine with fern-like foliage with a touch of bronze, and pale yellow lockets in bunches. Grow through a shrub, or up a wall in a semi-shady position. Up to 10-12ft.	<b>£8.50</b>
<b>Dipelta yunnanensis</b>	Unusual Weigela like shrub with funnel shaped flowers, pink on the outside with a yellow throat produced in great numbers. In winter the exfoliating branches add interest. Hardy and easily grown 5ft.	<b>£25.00</b>
<b>Disporum cantoniense</b> <b>'Green Giant'</b>	Strong upright stems - like Bamboo - rise to 4ft and terminate in pendulous lime-green flowers. Part shade and good rich soil for best results. A stately plant!	<b>£15.00</b>
<b>Disporum megalanthum</b>	Deep purple stems push up in Spring with shiny dark green leaves and terminate with creamy yellow flowers in pendulous heads. 3ft.	<b>£12.50</b>
<b>Dipteronia sinensis</b>	Rarely grown small Chinese shrub with handsome feathery pinnate leaves. Small white flowers in summer are followed by prominent winged seeds which turn red in autumn. Well drained soil. Forms a large shrub or small tree.	<b>£20.00</b>

<b>Drimys lanceolata</b>	Upright, evergreen shrub or small tree. Young shoots are a beautiful deep red with pungent, oblong dark green leaves. Clusters of white star shaped flowers in mid to late spring followed by glossy black berries. Prefers sun or semi-shade. Frost hardy. To 12 ft .	<b>£12.50</b>
<b>Echinacea - Cone Flower</b>	Leafy clumps of dark green foliage topped by stout branching stems bearing large daisy flowers a prominent central boss. flowering perennials preferring full sun and humus-rich soil. Several varieties available from July	
<b>Edgeworthia chrysantha 'Grandiflora'</b>	Spectacular and very rare relative of Daphne. Slow growing shrub covered in golden intensely fragrant flowers in winter. Later large light green leaves lend an exotic look. A unique shrub to treasure in a sheltered corner, perhaps close to a door, where it can be readily admired. Sun or part shade. Slowly to 3 or 4ft. Large plants available.	<b>£40.00</b>
<b>Elaeagnus 'Quicksilver' AGM</b>	Bright silver foliage on a quick growing shrub to 10ft. Sweetly fragrant small creamy yellow flowers in July followed by silvery berries. Very useful as a back drop for perennial borders, or use as a specimen shrub or small tree. Deciduous and hardy. Sunny position, reasonable drainage.	<b>£10.00</b>
<b>Epilobium angustifolium 'Stahl Rose' (syn. Chamierion .a. 'S.R')</b>	<b>Steel Rose Willowherb.</b> Stunning colour way with pale pink flowers backed by dark red calyces in upright spires over narrow green foliage . Looks good in a mass planting, but can be quite invasive, so site with care. 3½ft.	<b>£8.50</b>
<b>Epimedium</b>	Slowly increasing clumps of attractively shaped and coloured leaves, flowers in spring. Good ground cover for shady spots.	
<b>Epimedium 'Buff Beauty'</b>	Yellow centred flowers with white spursheld on wiry stems above heart-shaped spiny edged evergreen leaves. Sun or shade.	<b>£10.00</b>
<b>Epimedium epsteinii</b>	Large spidery flowers have white sepals and purple petals. A stunning combination! Semi evergreen with bronze tinted leaves in Spring.Good ground cover in shady places. 1ft.	<b>£8.50</b>
<b>Epimedium grandiflorum 'Koji'</b>	Large lavender flowers have long white spurs. Produced in spring above dark leathery leaves. Hardy and good ground cover in shade.	<b>£8.50</b>
<b>Epimedium grandiflorum 'Rose Queen'</b>	Charming pendant rose-pink flowers with white tipped spurs. Heart-shaped leaves are bronze-purple when young.	<b>£10.00</b>
<b>Epimedium 'Spine Tingler'</b>	Spiny edged, shiny strap-like foliage, which is near on evergreen. Bright yellow, spidery flowers held above the leaves. Excellent new groundcover!	<b>£10.00</b>

<b>Epimedium</b>	The following available in small numbers. E.'Bieke' E.'Lemon Zest' E.membranaceum, E.'Pathfinder', 'Queen Esta', E.'Shaanxii Form', E.x sasaki, E.x warleyense 'Ellen Willmot'	
<b>Equisetum</b>	Evergreen rush-like stems are bright pale green with black nodes From a primitive group of plants, it provides a striking architectural feature and contrasts with more conventional foliage and forms. Deep questing roots and invasive rhizomes make it suitable only for wild damp areas or in a container.	
		
<b>Equisetum camtschatcense</b>	Evergreen, upright stems are bright pale green with black nodes. Can attain 6ft in height. Beautiful in a pot. Sun or shade. Several size plants available from	<b>£6.50</b>
<b>Eragrostis spectabilis</b>	Large heads of tiny pink flowers explode out from the foliage clump in late summer. A spectacular grass for a sunny spot with good drainage. 2ft. Large plants available.	<b>£20.00</b>
<b>Erigeron auranticus</b>	Orange daisy like flowers with yellow centres. 1ft. Sun and good drainage.	<b>£6.50</b>
<b>Erigeron 'Azure Beauty'</b>	Lavender-blue flowers with frilly petals and yellow centres freely produced on low mats of foliage. Sunny site.	<b>£7.50</b>
<b>Erigeron glaucus</b>	Evergreen mats of grey-green leaves, topped by pink daisy flowers all summer. Thrives in seaside areas and can be seen growing in abundance forming large mats in many gardens along the seafront at Sandgate.	<b>£7.50</b>
<b>Erigeron glaucus 'Sea Breeze'</b>	A selection of the above with stronger, richer flower colour.	<b>£7.50</b>
<b>Erigeron karvinskianus AGM - Dancing Daisy</b>	Charming low-growing mat-forming plant producing a mass of daisy flowers on slender stems which dance in the wind. Flowers open white and fade pink giving a beautiful effect of two flower colours. Very floriferous. Dry, sunny site. Will seed itself in	<b>£6.50</b>
<b>Erigeron karvinskianus 'Lavender Lady'</b>	As above but soft lilac flowers.	<b>£7.50</b>
<b>Erodium guttatum</b>	White flowers which have the upper 2 petals veined purple. Freely produced over summer. Sun and good drainage. Forms a mat.	<b>£7.50</b>
<b>Erodium manescavii</b>	Evergreen, hardy and forms a dense clump from which the magenta-pink flowers shoot out over a long period. Sunny and well drained. Reliably perennial. 18ins.	<b>£7.50</b>
<b>Erodium 'Spanish Eyes'</b>	Silvery green fine-cut leaves and large pink veined flowers with a large dark eye on this charming Geranium relative. Well drained sunny position, 6-8 ins.	<b>£7.50</b>
<b>Eryngium - Sea Holly</b>	Thistle like flower heads are useful for drying. Many species have very handsome foliage. Easily grown on well drained soil in an open position.	

<b>Eryngium 'Big Blue'</b>	Big electric blue ruff surrounds a dark blue cone, the plant suffused a deep purplish blue and silver. New variety, a real stunner! 2½ft.	<b>£10.00</b>
<b>Eryngium bourgatii 'Pen Blue'</b>	Silver, blue green finely cut mound of elegant foliage topped by deep violet blue large ruff and deep blue flower heads. Stems suffused with purple. 18 ins - 2ft.	<b>£10.00</b>
<b>Eryngium eburneum</b>	Masses of smaller creamy green cones on every stem, structural and interesting. 4ft.	<b>£8.50</b>
<b>Eryngium pandanifolium AGM</b>	A plant of the highest architectural merit. Blue-green strap-like leaves, some 4-6 feet long, with spiny edges, topped in late summer by several enormous branched flower stems with hundreds of purplish red clusters of thistle flowers. Needs plenty of space.	<b>£12.50</b>
<b>Eryngium venustum</b>	Uniquely shaped, deeply divided spiny leaves in a basal rosette. Flower green. Very rare! 18ins.	<b>£8.50</b>
<b>Erysimum 'Bowles' Mauve' AGM - Perennial Wall Flower</b>	Sometimes listed as <i>Cheiranthus 'Bowles' Mauve'</i> . Bushy perennial clumps of grey-green narrow leaves. Clusters of rich mauve flowers produced continuously from May onwards. Easily grown in a sunny position. 12-18 inches.	<b>£7.50</b>
<b>Erysimum linifolium 'Variegatum'</b>	Clean and bright cream variegated leaves and purple flowers with a russet tinge suddenly come into their own in early spring. Evergreen shrubby perennial to 18ins.	<b>£8.50</b>
<b>Eucomis pole-evansii</b>	The largest Eucomis forming a massive clump of broad shiny-green strap-like leaves and towering stems bearing large flower-heads in late summer. 6ft. Small plants £8.50 or large-	<b>£20.00</b>
<b>Eucryphia lucida 'Ballerina'</b>	Delicately pink large stamen filled flowers smother this rare evergreen in August. Bred in Western Tasmania. It requires a sheltered spot and neutral or acid soil. To 12ft.	<b>£15.00</b>
<b>Euonymus clivicola</b>	Narrow lanceolate bamboo-like leaves on an elegant upright shrub. Pink helicopter berries in autumn which split to reveal an orange inner. Brilliant scarlet autumn colour. Compact to 6ft.	<b>£16.50</b>
<b>Euonymus fortunei 'Harlequin'</b>	Dark evergreen leaves heavily mottled and streaked cream. Particularly attractive in spring as new foliage is flushed pink. Dense low growth habit, can be clipped for a carpet-like effect.	<b>£7.50</b>
<b>Euonymus nanus turkistanicus</b>	Small shrub to 3ft with needle-like leaves and pink flowers in summer. Brilliant red autumn colour.	<b>£18.50</b>
<b>Eupatorium</b>	Tall imposing late summer perennials with large flat flower heads. Grow well in any soil not too dry. Combine well with other tall and medium sized perennials, and with grasses.	
<b>Eupatorium purpureum 'Glutball' - Joe Pye Weed</b>	A spectacular plant. Strong purple flushed stems furnished with whorls of foliage rise up to 8ft in good soil and are topped by enormous flat heads of rich purple flowers which are the highlight of the late summer garden. Easy and robust but best results in a rich soil which is not too dry.	<b>£12.50</b>

<b>Euphorbia - Spurge</b>	Narrow leaves radially arranged round stems, topped by attractive yellowish or red bracts. Suitable for well-drained soil in sun or part shade.	
<b>Euphorbia ceratocarpa</b>	Tall willowy stems with long narrow glaucous green leaves topped by wide heads of green-yellow flowers. Remarkably long flowering period, from June to October. To 5ft.	<b>£8.50</b>
<b>Euptelea polyandra</b>	Handsome small tree with large toothed heart-shaped leaves which colour well in autumn. Hardy and makes a slender well shaped tree. 15ft.	<b>£25.00</b>
<b>Exochorda x macrantha 'The Bride' AGM</b>	Upright shrub with arching branches. Pure white large flowers in long racemes, stamens are like a golden brush. Plant in sun with good drainage. Very showy indeed! 5-7ft.	<b>£12.50</b>
<b>Fagus orientalis 'Iskander'</b>	<b>RARE!</b> Strikingly narrow upright form of Oriental Beech. Wonderful as an accent plant, or to flank an entrance. Medium sized tree to 50 ft.	<b>£30.00</b>
<b>Fagus sylvatica 'Aurea Pendula'</b>	Rare pendulous golden leaved Beech. Slow growing.	<b>£20.00</b>
<b>Fagus sylvatica 'Purpurea Pendula'</b>	Small growing very pendulous with long weeping branches clothed with dark purple foliage. Suitable for a small garden only growing to 8ft.	<b>£25.00</b>
<b>Farfugium japonicum 'Argenteum'</b>	Leathery dark glossy green rounded leaves have a bold and irregular cream margin. Heads of large orange-yellow daisy flowers in winter when grown under cover. Evergreen. Will withstand some frost, but winter cover advisable. Unusual and much sought after.	<b>£12.50</b>
<b>Fascicularia bicolor</b>	Silvery rosettes of narrow, prickly leaves, with the base of the leaves turning bright red as the buds and stemless pale blue flowers appear in the centre. Flowers late summer to early autumn. Prefers poor, stony soil in sun or shade. Hardy in mild areas, particularly coastal.	<b>£12.50</b>
<b>Fascicularia pitcairniifolia</b>	( <i>Syn. Ochagavia sp</i> ) Similar to <i>F. bicolor</i> but larger and with very silvery leaves.	<b>£12.50</b>
<b>Fatsia japonica AGM</b>	Large polished dark green palmate leaves give a sub-tropical effect yet this is a very tough, generally hardy shrub, suitable for sun or shade and poor soils. Globular white flowers in Oct. Often grown as a houseplant but much more useful in the garden; 6ft or more.	<b>£16.50</b>
<b>Fatsia japonica 'Spider's Web'</b>	As above, but with leaves heavily streaked, splashed, speckled and netted white. A stunning plant! Use as a focal point, or grow in a large pot. To 6ft.	<b>£14.50</b>
<b>Ficus polycarpa 'Needham's Form'</b>	Unusual Fatsia with large evergreen deeply and narrowly lobed leaves. Very handsome. Sun or shade.	<b>£20.00</b>
<b>Festuca glauca 'Intense Blue'</b>	Intense blue - the name says it all! This is the bluest grass, a soft mound of ice blue thin needle-like leaves. Blue-green flower heads turn wheat coloured later on. 18ins.	<b>£8.50</b>

<b>Ficus carica 'Brown Turkey'</b> AGM - Fig	Large glossy deeply-lobed leaves on a stout shrub to 10ft. Best with some shelter. Brown Turkey is a good fruiting fig but the handsome foliage makes this plant worth growing on that count alone.	<b>£14.50</b>
<b>Ficus carica 'Ice Crystal'</b>	Exquisitely cut, large foliage. Very decorative!	<b>£15.00</b>
<b>Ficus johannis afghanistanica 'Silver Lyre'</b>	Beautiful and rare Ficus with deeply cut jagged edged leaves which are silver -blue. A small shrub.	<b>£20.00</b>
<b>Ficus vaccinoides</b>	Rare form and not easy to recognise as a Fig at first. Forms a low ground-hugging mat.	<b>£10.00</b>
<b>Frangula alnus 'Asplenifolia'</b>	(syn. Rhamnus frangula A.)Very fine-cut, almost needle-like leaves - a fresh soft green in summer and bronze in autumn. Large shrub to 10ft, or small tree. Lovely foliage plant, ideal as back drop for perennial border.	<b>£16.50</b>
<b>Gaillardia 'Apricot Honey'</b>	New! Beautiful apricot flowers are produced all summer. Compact habit to 2ft. Sun and good drainage or in a pot.	<b>£8.50</b>
<b>Gaillardia x grandiflora 'Burgunder'</b>	Free flowering with wine-red flowers for a long period in summer. 2ft. Sun and good drainage.	<b>£7.50</b>
<b>Galium odoratum - Sweet Woodruff</b>	Sweet-smelling and delicate groundcover for semi shade or shade. Sprinkled with little white flowers, like stars Will grow in a dry spot, under a shrub. A classic plant, often mentioned by poets and in folklore. 12 ins.	<b>£6.50</b>
<b>Gardenia jasminoides 'Kleim's Hardy'</b>	Deliciously scented white flowers unfurl over a compact evergreen with glossy foliage. The hardiest Gardenia and will tolerate frost. Sunny site.	<b>£12.50</b>
<b>Gaura lindheimeri</b>	We will have G. Whirling Butterfly, G. Siskou Pink and G. Rosie Jane at various times over the summer.	<b>£7.50</b>
<b>Gentiana lutea - Yellow Gentian</b>	An impressive, stoutly upright perennial, multistemmed with glaucous, parallel-nerved leaves that clasp the stem in pairs. Yellow bell-shaped flowers in whorls. To 5ft.	<b>£8.50</b>
<b>Geranium</b>	Easily grown perennials, beautiful of flower and dense foliage. Many are excellent ground cover, tolerant of most soils, sun or shade.	
<b>Geranium 'Dragon Heart'</b>	New! Large deep magenta flowers with a black eye cover a tallish plant which is happy to scramble. 18 inches.	<b>£8.50</b>
<b>Geranium 'Lilac Ice'</b>	Large saucer shaped flowers are cream flushed iced pink. A sport of G. Rozanne with much the same habit.	<b>£8.50</b>
<b>Geranium 'Mavis Simpson'</b> AGM	Carpets of grey-green leaves, densely studded with pastel pink blooms. Flowers continuously from June to November. Ideal groundcover or front of border plant. 9 inches x 3ft.	<b>£8.50</b>
<b>Geranium 'Rozanne'</b> (formerly known as G. 'Jolly Bee')	Outstanding selection, deep spode-blue flowers with a white centre produced continuously, June to Nov! Healthy dense foliage makes it a good groundcover, 3ft x 3ft.	<b>£10.00</b>

<b>Geranium sanguineum 'Elke'</b>	New form with large flowers of warm bright pink. Long flowering forming a mat in sun or shade.	<b>£7.50</b>
<b>Geranium sanguineum 'Max Frei'</b>	Wide mats of deeply divided dark green leaves are studded with deep magenta flowers for many weeks in summer. Easily grown and tolerant of shade.	<b>£7.50</b>
<b>Geranium x riverslianum 'Mavis Simpson'</b>	Carpets of neat grey-green leaves, densely studded with candy-pink blooms. Flowers continuously from June to November. Ideal groundcover or front of border plant. 9 inches x 3ft.	<b>£8.50</b>
<b>Geranium x riverslianum 'Russell Prichard' AGM</b>	As above but cerise-pink flowers.	<b>£8.50</b>
<b>Geum 'Lemon Drop'</b>	Single lemon-yellow cupped flowers droop at the top of wiry stems. 2ft.	<b>£8.50</b>
<b>Geum 'Totally Tangerine'</b>	Large, warm orange rounded single flowers in great abundance. Very long flowering time May-Sept! 3ft	<b>£8.50</b>
<b>Geum 'Coral Tempest'</b>	Fiery orange-red semi double flowers produced over a long period. New introduction which is sterile so produces larger flowers and over a longer period. Hardy and easy. 2ft.	<b>£8.50</b>
<b>Gillenia trifoliata AGM</b>	Sprays of dainty white flowers are beautifully complimented by red wiry stems and calyces and dark green foliage. Summer flowering. 3-4ft. Sun or shade.	<b>£10.00</b>
<b>Ginkgo biloba</b>	Unique deciduous conifer with fan-shaped leaves, forms a narrow pyramid. Clear yellow autumn colour. Slow growing, reaching 15ft in 10 years. Other available cultivars:	 <b>£16.50</b>
<b>Ginkgo biloba 'Beijing Gold'</b>	Spectacular new introduction! Leaves unfurl pale yellow in spring, goes greener over the summer and gives really good golden autumn colour.	<b>£16.50</b>
<b>Ginkgo biloba 'Chotek'</b>	Mound forming Ginkgo with widely spaced, broad leaves.	<b>£12.50</b>
<b>Ginkgo biloba 'Survivor'</b>	Another very unusual Ginkgo, with many narrow and assymetric leaves in bunches. Slow growing to a medium-sized shrub.	<b>£16.50</b>
<b>Ginkgo biloba 'Troll'</b>	New dwarf form, round head and very dense growth. Leaf rounded. Good in a container. Sun or shade. Can be pruned. Also available grafted on a 3ft stem. <b>£35</b>	<b>£12.50</b>
<b>Gladiolus dalenii 'Lemon Form'</b>	Delectable flowers in soft yellow with apricot shading on tall open spikes. Plant deeply in well drained soil in a sunny spot and mulch with grit to protect against frost. To 2½ft.	<b>£6.50</b>
<b>Gladiolus papilio 'Ruby'</b>	New exciting colour break in this hardy Gladiolus - large deep ruby-red flowers. Exquisite! Tall to 4ft.	<b>£10.00</b>

<b>Gladiolus papilio</b> <b>'Yellow Form'</b>	Seldom offered form, with hooded yellow flowers of a waxy appearance, dark burgundy markings on a short spike. Slow to increase, but worth the trouble. 2ft. Small plants.	<b>£6.50</b>
<b>Gymnocladus dioicus -</b> <b>Kentucky Coffee Tree</b>	Large bipinnate leaves unfurl pink and fall clear yellow leaving long stalks on thick gaunt branches, that stand out against the winter sky. Grows into a well shaped specimen, capable of growing in adverse conditions and on poor soils. To 15m.	<b>£50.00</b>
<b>Gypsophila paniculata</b> <b>'Bristol Fairy'</b>	Large clouds of tiny white flowers on branched stems above glaucous foliage. Sun and good drainage.	<b>£10.00</b>
<b>Gypsophila paniculata</b> <b>'Flamingo'</b>	As above but flowers are sparkling pink.	<b>£10.00</b>
<b>Hakonechloa macra</b>	For a more subdued colour scheme the green form is just as elegant of habit as the more wellknown H. m. 'Aureola' (see below).	<b>£8.50</b>
<b>Hakonechloa macra</b> <b>'Aureola' AGM</b>	Beautiful grass with graceful arching leaves striped bright yellow and green becoming red tinged towards autumn and dying off with glorious autumn tints. An easily grown grass which makes a spectacular container plant. 1ft.	<b>£8.50</b>
<b>Hakonechloa macra</b> <b>'All Gold'</b>	This form has completely golden foliage that brightens up any corner. It has more upright habit than the type but is still very very graceful. Small plants. Larger ones available. <b>£10</b>	<b>£5.00</b>
<b>Hakonechloa macra</b> <b>'Beni-Kazi'</b>	Green leaves develop a palate of colours-red, golden yellow and green towards the end of the summer.	<b>£10.00</b>
<b>Hedychium</b> <b>gardnerianum AGM</b>	Upright narrow greyish-green leaves and very fragrant lemon-yellow flowers with bright red stamens. Sheltered site. Forms a bold clump to 6ft.	<b>£10.00</b>
<b>Hedychium</b> <b>'Himalayan Lipstick'</b>	Strong upright stems with broad leaves are topped by large spikes of whickery cream flowers marked dark pink. Late autumn. 3ft. Sheltered site and good soil.	<b>£12.50</b>
<b>Hedychium 'Tara'</b>	Large spikes of orange flowers top the upright tropical looking stems. Flowers early for a Hedychium in August/September. 5ft.	<b>£16.50</b>
<b>Helianthemum</b> <b>'Henfield Brilliant'</b>	Dwarf evergreen forming wide mats studded with deep orange flowers during summer. Useful front of the border groundcover for dry sunny sites. This particular form is rarely grown which is surprising considering its striking warm flower colour and larger leaves than most, providing better ground cover.	<b>£7.50</b>
<b>Helianthemum</b> <b>'Orange Double'</b>	Semi-double warm glowing orange flowers produced in profusion in early summer. Contrasts well the dark evergreen foliage.	<b>£7.50</b>
<b>Helianthus -</b> <b>Sunflower</b>	Tall plants with coarse leaves topped by strong stems carrying yellow daisy flowers in late summer and autumn.	

<b>Helianthus 'Loddon Gold'</b> AGM	Rare and much sought after perennial Sunflower with very large, golden yellow fully double flower heads. 5 ft.	<b>£10.00</b>
<b>Helianthus salicifolius</b> 	Striking large architectural plant that is little known. Tall stout stems curve up from the rootstock, clothed with long, drooping, deep green linear leaves. By late summer when it may be 8 ft tall, the stems are topped by heads of yellow daisies. An exotic looking wild perennial. Easily grown in full sun with good drainage.	<b>£10.00</b>
<b>Helianthus salicifolius 'Table Mountain'</b>	A much more compact form of H. salicifolius. Stout stems with elegant whorls of narrow leaves are topped by yellow daisy flowers in late summer. Forms a compact mound to 2ft. Hardy and easy.	<b>£8.50</b>
<b>Helianthus 'Monarch'</b> AGM	A rarely offered perennial Sunflower - enormous golden flowers the size of dinner plates! Upright plant to 8 ft.	<b>£12.50</b>
<b>Heliopsis helianthoides 'Burning Hearts'</b>	Strong upright stems bear golden-yellow blooms with a dark centre. Produced over a long period in summer. Dark flushed foliage. Also good as a cut flower. Hardy. 4ft.	<b>£10.00</b>
<b>Heliopsis helianthoides 'Asahi'</b>	Strong upright stems bear double golden -yellow blooms over a long period in summer. Also good cut flowers. 2ft.	<b>£8.50</b>
<b>Heliopsis 'Lorraine Sunshine'</b>	Strikingly variegated leaves - white with green veins! - and golden yellow daisies combine prettily. Forms a large healthy clump, can be divided to keep in check. 2-3ft. Small plants	<b>£10.00</b>
<b>Heloniopsis orientalis var breviscapa</b>	Rose pink flowered woodland perennial with an evergreen rosette of fleshy fresh green leaves and a bunch of drooping pink "keys" with prominent pink stamens in early spring. New and enchanting introduction from the Far East! 8 inches.	<b>£7.50</b>
<b>Heloniopsis tubiflora 'Temple Blue'</b>	Collected from S. Korea. Compact habit with clusters of blue flowers in spring. Best in part shade.	<b>£6.50</b>
<b>Helwingia chinensis</b>	Curious and attractive evergreen shrub. The glossy, broadly elliptical deep green leaves feature in their middle a small yellow-green flower, and later a red, rather prominent, berry! A shade loving shrub to 5ft.	<b>£10.00</b>
<b>Hemerocallis - Day Lily</b>	Dense clumps of arching grassy bright green leaves. Stout stems bear a cluster of large lily-like flowers, each one only lasting a day but there is a long succession of bloom. Trouble-free and tolerating most soils not too dry, sun or part shade.	
<b>Hemerocallis 'American Revolution'</b>	Large Black-red flowers above dense clumps of foliage. 2ft.	<b>£8.50</b>
<b>Hemerocallis 'Catherine Woodbery'</b>	Soft pink with a green throat. 2ft.	<b>£8.50</b>
<b>Hemerocallis 'Frans Hals'</b>	Striking flowers with alternating yellow and orange petals, with a broad yellow stripe down the middle of each orange petal. Looks like it belongs in a Dutch Renaissance painting! 2½ft.	<b>£8.50</b>

<b>Hemerocallis lilio-asphodelus</b> AGM	Sixteenth-century garden plant. Clear yellow flowers with an unforgettable fragrance produced in late spring. 2½ft.	<b>£8.50</b>
<b>Hemerocallis 'Little Grapette'</b>	Purple grape coloured flowers on a compact form to 18ins.	<b>£8.50</b>
<b>Hemiptelea davidii</b>	Handsome ovate toothed leaves densely arrayed on a small tree. An Elm relative from the Japan and China. Hardy.	<b>£12.50</b>
<b>Heucherella</b>	Cross between Heuchera and Tiarella. These have many of the best qualities of both. Most flower well with a good flower colour and leaves are marked in a way not found in Heuchera. Most will grow with some sun but are happy in shade.	
<b>Heucherella 'Buttered Rum'</b>	Bold Maple shaped leaves are a rich caramel colour deepening in autumn.	<b>£8.50</b>
<b>Heucherella 'Golden Zebra'</b>	Feathery golden foliage with a broad centre marking.	<b>£8.50</b>
<b>Heucherella 'Leap Frog'</b>	Large Maple-shaped leaves are bright yellow with a red-purple centre marking.	<b>£8.50</b>
<b>Heucherella 'Solar Eclipse'</b>	Dark purple leaves have a thin golden-yellow margin.	<b>£8.50</b>
<b>Heucherella 'Stop Light'</b>	Bright golden yellow leaves marked with purple. Best in some shade.	<b>£8.50</b>
<b>Heucherella 'Tapestry'</b>	Rich purple and silver leaves turn darker in autumn.	<b>£8.50</b>
<b>Hibiscus syriacus 'Hibiskiss'</b>	Amazing new Hibiscus with much larger flowers than any H. syriacus before. Flowers are up to 8ins. Across and open flat. Deep pink with darker petal base. Hardy and easy. To 8ft.	<b>£25.00</b>
<b>Hoheria angustifolia 'Borde Hill'</b>	Tall evergreen with arching branches and many white flowers in July and August. Shiny green toothed leaves. Forms a large shrub or small tree. Taller than it is wide.	<b>£20.00</b>
<b>Hosta</b> 	Clump forming broad leaved perennials with stately stems of lily-like flowers in June. Prefer moisture and happy in shade. Plants will take a few years to settle down and produce full leaf size. Largest leaves are obtained by planting in a sheltered shady position with a rich soil which is drained but never dries out. However, they are survivors and can tolerate some neglect.	
<b>Hosta 'Abiqua Drinking Gourd'</b>	Heavily puckered silver-blue foliage is cupped to the extent that it traps pools of rain water. Medium sized Hosta.	<b>£10.00</b>
<b>Hosta 'Blue Mouse Ears'</b>	Small, but perfectly formed, the rounded blue leaves on this miniature Hosta are thick and sturdy, giving the whole plant a neat appearance. Only 6 ins tall!	<b>£6.50</b>
<b>Hosta 'Brother Stefan'</b>	Large blue-green thick and puckered leaves are centred golden-yellow. Large and robust.	<b>£12.50</b>
<b>Hosta 'Devon Green'</b> AGM	Neat shiny green leaves of a firm texture. Compact Hosta with white flowers.	<b>£8.50</b>

<b>Hosta 'Empress Wu'</b>	Largest ever Hosta with blue-green heavily veined leaves and lavender flowers. To 5ft.	<b>£10.00</b>
<b>Hosta 'Fire Island'</b>	Brilliant yellow foliage and red stems. A stunning new Hosta. Best in some shade.	<b>£12.50</b>
<b>Hosta 'Firn Line'</b>	Large broad heart-shaped leaves are glaucous green with a large centre splash of yellow turning white. A striking new Hosta.	<b>£10.00</b>
<b>Hosta kikutii var. yakusimensis</b>	Charming dwarf Hosta, a perfect miniature, the flower stem in proportion to the tiny leaves. 3ins.	<b>£5.00</b>
<b>Hosta 'King Size'</b>	A sport of H.'Epress Wu' and of similar giant proportions. The difference is that this has shiny green foliage.	<b>£10.00</b>
<b>Hosta 'Prairy Sky'</b>	Thick slug-proof leaves are powdery blue. Forms a neat clump. 18ins.	<b>£10.00</b>
<b>Hosta 'Praying Hands'</b> AGM	Strong growing upright habit with narrow dark green leaves that are slightly twisted. Lavender flowers in June. 2ft. Unique!	<b>£10.00</b>
<b>Hosta 'Rainforest Sunrise'</b>	Puckered oval leaves emerge in Spring pale yellow but then develop a thin dark green margin and a soft yellow centre. Medium size Hosta.	<b>£10.00</b>
<b>Hosta sieboldiana 'Frances Williams'</b> AGM	Striking yellow margin to large glaucous crinkled leaves. Colour deepens through the season. 2½ft.	<b>£10.00</b>
<b>Hosta 'Stiletto'</b>	Small but strong growing Hosta with very narrow leaves with a rippled creamy-yellow margin.	<b>£10.00</b>
<b>Hosta 'Sum and Substance'</b> AGM	Enormous pleated leaves of a rich golden chartreuse. Lavender flowers. One of the best golden hostas. Not susceptible to slug damage. 3ft.	<b>£10.00</b>
<b>Hosta 'Touch of Class'</b>	Bold pointed blue-green leaves with a clear narrow gold centre splash.	<b>£12.50</b>
<b>Hosta 'White Feather'</b> (undulata)	Entirely white leaves emerge in the spring to later become streaked with green - a unique Hosta, can cope with quite a lot of sun. Lavender flowers. Small to moderately sized.	<b>£10.00</b>
<b>Hosta 'Wolverine'</b>	Long spear-shaped leaves are blue-grey with a gold margin. Vigorous and forms a cascading mound. Superb in a pot. 18ins.	<b>£10.00</b>
<b>Hydrangea</b>	Useful shrubs easily cultivated if soil not too dry. Most will grow in sun or part shade and are happy by the sea. Blue forms will only be blue in acid soil.	
<b>Hydrangea anomala ssp petiolaris</b> AGM	<b>Climbing Hydrangea.</b> Self-clinging climber, large heads of white flowers in June. Invaluable for a shady wall or makes an attractive hummock as an open ground shrub.	<b>£12.50</b>
<b>Hydrangea petiolaris 'Silver Lining'</b>	<b>Silver-leaved Climbing Hydrangea.</b> Silvery foliage with a prominent white margin. Very effective.	<b>£14.50</b>
<b>Hydrangea arborescens 'Annabelle'</b> AGM	Large globular heads of creamy-white sterile florets cause the upright stems to arch over creating a rolling mass of white. Forms a small bush to 4ft. H. a. 'Annabelle' is a form with exceptionally large flower heads. Larger plants usually also available.	<b>£10.00</b>

<b>Hydrangea arborescens 'Ruby Annabelle'</b> AGM	Frothy deep pink heads over soft green heart shaped leaves make a real statement. To 4ft.	<b>£15.00</b>
<b>Hydrangea involucrata 'Hortensis'</b> AGM	Soft green felted heart-shaped leaves and clusters of cream, pink and green flowers in Aug/ Sept. Sun or part shade and moist soil. 3ft.	<b>£20.00</b>
<b>Hydrangea paniculata 'Limelight'</b>	Large conical heads of pale lime-green turning white then pink. Vigorous shrub to 6ft. Completely hardy and benefits from hard pruning in early spring.	<b>£20.00</b>
<b>Hydrangea sargentiana 'Goldrush'</b> L	Large bristly leaves are golden which contrasts beautifully with the blue lacecap flowers produced in summer. Full hardy but best in a little shade.	<b>£20.00</b>
<b>Hylomecon japonica</b>	Charming woodlander with saucer shaped golden-yellow flowers above clumps of divided foliage. 12inches. Flowers April-May.	<b>£8.50</b>
<b>Ilex - Holly</b>	Hollies provide some of the best garden shrubs, most are evergreen and there is a great variety of form and colour of leaf. Tolerant of shade but grow more densely in the open.	
<b>Ilex aquifolium 'Crassifolia'</b>	Thick leathery leaves are narrow and curled, edged with broad spines. One of the most interesting leaf variants of all Hollies.	<b>£12.50</b>
<b>Imperata cylindrica 'Red Baron'</b>	Elegant slender upright grass with leaves light green stained red, deepening as the season advances. By September, they are the colour of blackberry juice. 18 inches.	<b>£8.50</b>
<b>Indocalamus tessellatus</b> AGM	Ground covering Bamboo from China. Mass of large, long spear-shaped leaves grow in a leafy mound to 3ft. Spreads, but not excessively. Does not normally flower in the UK.	<b>£20.00</b>
<b>Iris</b>	Easily grown and reliable perennials with strap-like leaves and spectacular flowers.	
<b>Iris chrysographes 'Black Knight'</b>	A highly sought after beardless Sibirican Iris with silky deep purple, almost black flowers above grey-green leaves. Full sun or part shade. 2ft.	<b>£8.50</b>
<b>Iris confusa</b> AGM	Palm-like fans of Iris-leaves are borne at the top of erect, bamboo-like stems. Flowers are white with yellow and purple spots around a yellow crest on each fall, with up to 30 held on each flower stem over a long period. Needs a warm, sheltered position.	<b>£8.50</b>
<b>Iris cristata - Dwarf Crested Iris</b>	Spectacular species Iris with short fans of evergreen leaves and large blue flowers with a white and orange crest, in May. Thrives in shady areas, often forming real carpets. From N America. 4 - 6 ins.	<b>£7.50</b>
<b>Iris cristata 'Abbey's Violet'</b>	As above but with darker blue flowers.	<b>£8.50</b>

<b>Iris ensata 'Dinner Plate'</b>	Enormous flowers open out blue with white veins. Prefers a damp soil and biggest flowers on established clumps. 3ft.	<b>£10.00</b>
<b>Iris ensata 'Harlequinesque'</b>	Beautifully marked flowers, red-purple and blue, striped white. A tall stately Iris for pond edge or border if not too dry. 3ft.	<b>£10.00</b>
<b>Iris ensata 'Variegata'</b>	A striking Iris with narrow ribbed, bright green and white variegated leaves and stems of dark red-purple flowers in mid-summer. Soil not too dry. 3ft.	<b>£10.00</b>
<b>Iris foetidissima - Stinking Gladdon</b>	Native evergreen Iris for a shady, neglected spot. Delicate pale yellow and purple flowers in June are followed by large fruit pods that split to reveal bright orange berries. To 2 ½ ft.	<b>£7.50</b>
<b>Iris japonica 'Ledger's Variety'</b> 	White flowers with purple markings and crinkled edges have an orange crest, produced during summer. Evergreen fans of broad shiny green leaves rise on stems from creeping rhizomes. 18 inches. Grows and flowers well in sun or shade.	<b>£10.00</b>
<b>Iris lacustris</b>	A crested Iris with fans of narrow dark green leaves with stems of purple-blue flowers with a gold crest and white patch on each fall in late spring. OK in damp soil and part shade.	<b>£5.00</b>
<b>Iris pseudacorus 'Variegata' AGM</b>	Beautiful yellow striped leaves in spring and early summer. Yellow flowers marked brown. Vigorous and can grow in shallow water or ordinary soil. 3ft.	<b>£8.50</b>
<b>Iris unguicularis - Algerian Iris</b>	Winter flowering pale blue Iris of great charm. Grows best up against a wall in sun, and thrives in poor soil. 12 ins.	<b>£7.50</b>
<b>Itea virginica 'Henry's Garnet'</b>	Fragrant creamy white flowers in long arching racemes during summer. Dark green leaves turn brilliant red to purple in autumn. Hardy and Ok in sun or part shade. 4ft.	<b>£10.00</b>
<b>Justicia carnea 'Radiant' (syn. J.c. 'Huntington')</b>	Spectacular pineapple-like flowers of a vivid pink on dark stems; flower bracts and undersides of leaves dark purple - very effective! Flowers produced in Aug/Sept. Not hardy but worth looking after in winter. Kept frost-free it dies to the base in winter, growing to about 4ft in a season.	<b>£10.00</b>
<b>Larix decidua</b>	A deciduous conifer with soft pale green needle like leaves in spring and butter yellow in autumn. Forms a large conical tree.	<b>£10.00</b>
<b>Lathyrus latifolius 'Rosa Perle'</b>	A climbing perennial Sweet Pea. Wing stems and sea-green leaves. Rosy flowers produced from mid summer. Sunny site. Reliably perennial.	<b>£12.50</b>
<b>Lavandula angustifolia 'Hidcote' AGM - English Lavender</b>	Rich purple flowers, silver grey leaves. Compact habit. Aromatic dwarf shrub for sunny well-drained sites. 18ins.	<b>£7.50</b>

<b>Leonurus cardiaca</b> 'Grobbebol'	Curious and beautiful plant with tall narrow spires of lilac-pink flowers from which radiate slender jagged leaves. Forms a clump of crimped and dissected hairy leaves. Sun and good drainage. 3ft Hardy. Valued in Chinese medicine.	<b>£8.50</b>
<b>Leonotis leonorus</b>	Large whorls of bright orange flowers in the upper leaf axils of upright square stems. Very showy but requires a very sheltered site or conservatory.	<b>£10.00</b>
<b>Lespedeza thunbergii</b> AGM	Slender stems up to 5ft elegantly sweep outwards bowed down by masses of rose-purple flower panicles in Sept. Beautiful late flowering shrub of easy culture. Sunny site and good drainage.	<b>£20.00</b>
<b>Leymus arenarius</b> 'Blue Dune'	Brilliant blue grass. The most blue of any grass. Bold and strong growing. Good in a container or for stabilising sand dunes. 3ft.	<b>£12.50</b>
<b>Libertia caerulea</b>	Compact basal leaves with incredibly pale china-blue flowers. 18ins.	<b>£8.50</b>
<b>Libertia grandiflora</b> AGM	Dark green clumps of grassy leaves and sprays of pure snow-white flowers with yellow stamens in June/July. Sun and a well-drained site. 2ft.	<b>£7.50</b>
<b>Libertia peregrinans</b> 'Gold Leaf'	Leaves are bright orange-gold. Sprays of white flowers in summer are followed by orange seed pods. Well drained soil. 18ins. Small plants	<b>£7.50</b>
<b>Libertia procera</b>	Very large growing Libertia with large pure white flowers held well above dark green leaves. Sun or part shade. 5ft or more!	<b>£10.00</b>
<b>Ligularia</b>	Large bold perennials preferring moist soil.	
<b>Ligularia dentata</b> 'Desdemona'	Dark purple rounded glossy leaves form a handsome clump . Bold upright stems with heads of ragged edged deep-orange flowers. 3ft. Best in soil that does not dry out. Good in shade.	<b>£10.00</b>
<b>Ligularia dentata</b> 'Pandora'	A really miniature Ligularia. Forms a neat and dense clump of rounded dark purple leaves and orange-yellow daisy flowers on short stems.	<b>£10.00</b>
<b>Ligularia stenocephala</b> 'Bottle Rocket'	A big bold plant with jagged edged dark green leaves topped by tall spires of yellow flowers. An improvement on the type with more flowers and a neater grower.	<b>£10.00</b>
<b>Ligularia 'The Rocket'</b> AGM	Large jagged-edged leaves and stout spires of yellow flowers. 5ft.	<b>£10.00</b>
<b>Ligustrum japonicum</b> 'Rotundifolium'	Slow growing. Large dark polished rounded leaves on a neat upright evergreen. Grows well in shade and very good in a pot.	<b>£12.50</b>
<b>Liquidambar styraciflua - Sweet Gum</b>	Medium sized cone-shaped trees with large shiny rich green star-like leaves giving a glorious autumn display. Parts of the crown colour in advance of others giving a grand marbling of various shades. Best results are on rich deep damp soils.	<b>£12.50</b>

<b>Liriope muscari 'Okina'</b>	Curious plant from Japan, where the leaves emerge totally white, with no green speck whatsoever, to gradually turn green as they mature. Superb planted in contrast with the black leaves of <i>Ophiopogon planiscapus 'Nigrescens'</i> .	<b>£8.50</b>
<b>Lobelia 'Hadspen Purple'</b>	Rich purple flowers on upright stems above leafy clumps. Sun and not too dry.	<b>£10.00</b>
<b>Lobelia 'Queen Victoria'</b>	Deep purple rosettes of foliage and brilliant scarlet flowers. Sunny position and damp, rich soil. May need staking. 3-4ft.	<b>£10.00</b>
<b>Lobelia Tania</b>	A strong growing hybrid Lobelia with striking magenta-pink flowers from mid to late summer. Sun and not too dry. 3ft.	<b>£10.00</b>
<b>Lonicera elisae</b>	Long flared trumpet shaped sweetly scented white flowers with a pink tinge hang from naked branches in winter- early spring. Purple new leaves turn to dark green in summer. Red berries. Rare shrubby Honeysuckle to 8ft.	<b>£10.00</b>
<b>Luzula sylvatica 'Solar Flare'</b>	Bright shiny yellow leaves are brightest in winter. Pal-yellow in summer. Chestnut brown flower sprays. Hardy and easy to grow but not in very dry soils. Sun or shade. 2ft.	<b>£8.50</b>
<b>Lychnis coronaria 'Gardeners World'</b>	Bright magenta pink flowers on upright stems over a long period during summer. Bold clumps of silver felted foliage. Does not set seed which is why it is so long flowering. Easy in a sunny position. 2ft.	<b>£10.00</b>
<b>Lychnis flos-cuculi 'Jenny' - Ragged Robin</b>	Brightest magenta pink flowers on upright stems in summer. Easy in a sunny position. 2ft.	<b>£8.50</b>
<b>Lysichiton americanus AGM - Bog Arum</b>	Arum flowers are yellow with green spadices, leaves are huge—up to 4ft x 1ft. The scent is heavy and not to everyone's taste! Best in damp soil on water margins.	<b>£10.00</b>
<b>Lysionotus pauciflorus</b>	From the Far East. A small dark leaved evergreen shrub which has showy ice-pink pendant tubular flowers freely produced over summer. Unless in a very sheltered spot, best in a pot.	<b>£12.50</b>
<b>Macleaya microcarpa 'Spetchley Ruby'</b>	Red feathery plumes above handsome grey-green rounded lobed leaves lightly flushed purple and with silvery undersides.. Beautiful and unexpected member of the Poppy family. Fleshy rootstock is invasive, especially in a lighter soil, so careful siting is advised. 6-8ft.	<b>£12.50</b>
<b>Magnolia 'Genie'</b>	Probably the best recent Magnolia. Large goblet shaped flowers are of the deepest purple. Forms a medium sized shrub to 10ft.	<b>£30.00</b>
<b>Magnolia grandiflora 'Exmouth' AGM</b>	Large shiny evergreen leaves with a felted reverse. Large creamy-white fragrant globular flowers throughout summer. Often grown as a wall shrub but hardy in the open with full sun. Eventually a medium sized tree. May be pruned.	<b>£17.50</b>
<b>Magnolia stellata 'Rose King'</b>	A compact bushy Magnolia with star-shaped pink flushed flowers with many petals produced from early to late spring. 5ft.	<b>£25.00</b>

<b>Magnolia x solangeana 'Pickard's Sundew'</b>	Large goblet-shaped flowers of cream with a purple flush. Forms a large shrub.	<b>£25.00</b>
<b>Mahonia eurybracteata subsp. ganpinensis 'Soft Caress'</b>	Soft, tactile fine-cut leaves and masses of yellow flowers in August and September followed by blue berries combine to make this new and exciting Mahonia very different! Chelsea Flower Show Plant of the Year 2013! Sun or shade, 3-4ft.	<b>£20.00</b>
<b>Mahonia gracilipes</b>	Graceful and rare Mahonia from China; elegant blue-green foliage with chalky white undersides and red-and-cream flowers in autumn, black berries. Humus-rich moist, but drained, soil in semi-shade. Slow growing to 5ft.	<b>£15.00</b>
<b>Mahonia pinnata 'Sehnile Moon'</b>	A very unusual mahonia with spineless rounded leaflets which are shiny green. Yellow flower spikes. Forms an upright shrub to 4ft.	<b>£25.00</b>
<b>Manoao colensoi</b>	New Zealand conifer. Previously Dacrydium colensoi. A slow growing conifer with whip-cord foliage.	<b>£12.50</b>
<b>Matteuccia struthopteris AGM - Shuttlecock Fern</b>	Bright green fronds unfurl in spring to form upright 'shuttlecocks'. Slowly forms a trunk. Prefers a moist soil, even boggy. 3ft .	<b>£10.00</b>
<b>Melanoselinum decipiens - Black Parsley</b>	Bold large Angelica-like leaves are shiny-green on stout upright stems. Impressive for its foliage but also has large umbels of pink flowers. 5ft. Sunny site.	<b>£10.00</b>
<b>Mimulus 'Orange Glow'</b>	A profusion of bright orange snap-dragon flowers produced all summer above mats of soft fleshy leaves. Prefers soil not too dry.	<b>£7.50</b>
<b>Miscanthus</b>	Tall grasses of architectural value. Upright stems bear arching leaves. Silky, glistening brown sprays in autumn. Clump-forming, not invasive and tolerates all soils, sun or shade but may need staking if in too much shade.	
<b>Miscanthus nepalensis</b>	Tall one-sided golden flower sprays in summer. A bit different to M.sinensis types with a subtle elegance. 5ft.	
<b>Miscanthus sinensis 'Giraffe'</b>	Tall Zebra Grass. Arching leaves are striped yellow across the leaf. Tall silvery feathery sprays above the foliage in late summer.7ft.	<b>£12.50</b>
<b>Miscanthus sinensis 'Malepartus'</b>	Beautiful form. Bronze tinted foliage, rich red-purple plumes. 6ft.	<b>£12.50</b>
<b>Miscanthus sinensis 'Morning Light' AGM</b>	Compact clump of narrow arching leaves, each with a white margin. From a distance the plant appears silvery. 4ft	<b>£12.50</b>
<b>Miscanthus sinensis 'Red Wine'</b>	Flowers held well above the foliage are a sparkling red. Freely produced. Compact habit to 5ft.	<b>£12.50</b>
<b>Miscanthus sinensis 'Roland'</b>	One of the largest of them all, growing to a whopping 8-9ft! Pink inflorescence and a broad leaf; strong upright habit.	<b>£12.50</b>
<b>Miscanthus sinensis 'Sarabande'</b>	Elegant narrow leaves with a silver midrib. Forms a vase shaped clump with red tinted flowers in late summer turning silver. 5ft.	

<b>Muhlenbergia capillaris - Pink Cloud Satin Grass</b>	Bright pink billowing clouds of feathery flowers make this grass an almost unreal sight when in flower!	<b>£10.00</b>
<b>Muhlenbergia dumosa - Bamboo Muhly</b>	Soft green feathery inflorescences bend over and sway, making this excellent tall grass look much like a clump of very fine Bamboo. To 6ft. Dry conditions and sun. From Mexico and Arizona.	<b>£16.50</b>
<b>Nandina domestica 'Obsession'</b>	Splendid red new foliage and elegantly pinnate leaves on this evergreen small shrub to 2½ft. Sun or part shade. Also an excellent container plant, especially for winter displays.	<b>£12.50</b>
<b>Nepeta 'Six Hills Giant' - Catnip</b>	Sprays of lavender-blue flowers produced all summer on clumps of aromatic grey foliage, which is best cut hard back at the end of June, to keep it fresh. Evergreen and drought tolerant, grows best with sun and good drainage. 18 ins.	<b>£7.50</b>
<b>Nerine bicolor</b>	Strap-like leaves and graceful clusters of funnel-shaped flowers on tall upright stems. White with a pink edge with wavy petals. Autumn.	<b>£7.50</b>
<b>Nerine 'Mr John'</b>	Stunning variety with deep magenta-pink flowers which really stand out in the autumn. Best at the base of a sunny wall or fence and well drained soil. 2ft.	<b>£8.50</b>
<b>Oenothera fruticosa 'Fyrverkeri' (Firework)</b>	Dark purple flushed leaves topped by bowl shaped bright yellow flowers opening from red buds during summer. Easy hardy perennial for a sunny spot. 2ft.	<b>£8.50</b>
<b>Oenothera fruticosa glauca 'Erica Robin'</b>	New leaves emerge in spring yellow and white speckled pink. A quite extraordinary leaf colour. Bright yellow flowers in terminal racemes during July and August. 1ft.	<b>£8.50</b>
<b>Oenothera macrocarpa</b>	Silvery narrow foliage and large, show stopping clear lemon yellow flowers combine to great effect. Low, creeping habit, forms a shimmering carpet in a dry, sunny spot.	<b>£7.50</b>
<b>Oenothera speciosa 'Siskiyou'</b>	Low growing with a creeping habit. Pale pink flowers produced in profusion during summer, day and night. Well drained soil and full sun. 1ft.	<b>£7.50</b>
<b>Olearia paniculata</b>	A conical evergreen bush of wavy edged bright green leaves and clusters of white, fragrant daisy like flowers in autumn. 6ft.	<b>£10.00</b>
<b>Omphalodes cappadocica 'Cherry Ingram'</b>	Electrical blue forget-me-not flowers and nicely textured oval leaf makes this a very pretty evergreen groundcover for sun or shade. Wonderful with Primulas and small spring bulbs. To 12 ins.	<b>£5.00</b>
<b>Ophiopogon planiscapus nigrescens AGM - Black Mondo Grass</b>	Unusual plant with long narrow black leaves, lilac flowers and black berries. Forms low clumps. Sun or shade. Can be used to great effect as underplanting. 6ins.	<b>£7.50</b>
<b>Orthrosanthus laxus</b>	Pale wedgwood-blue starry flowers above clumps of grassy foliage. 2ft. Similar to <i>Libertia</i> .	<b>£8.50</b>
<b>Osmanthus heterophyllus 'Rotundifolius'</b>	Curious form with dense and rounded evergreen foliage. White fragrant flowers in spring. Slow growing forming a neat dome to 3ft.	<b>£10.00</b>

<b>Oxalis magellanica 'Nelson'</b>	Very low growing ground cover with bronze-tinged leaves and tiny pretty double white flowers. A dolls house plant.	<b>£5.00</b>
<b>Oxalis versicolor</b>	Beautiful scrolled funnel-like flowers are white with a bright red edge. Very showy. Flowers late summer.	<b>£5.00</b>
<b>Paeonia - Peony</b> 	Shrubs and perennials with elegant cut leaves, often tinted red, and with open or filled, huge blooms, mostly exquisitely scented, in a wide range of colours. Real aristocrats amongst plants! Perennial Peonies form in time large clumps, Tree Peonies middle-sized shrubs. They prefer a sunny position and tolerate most soils if top-dressed with manure occasionally.	
<b>Paeonia delavayi var lutea</b>	A vigorous upright shrub with deeply cut fresh green foliage and single cup-shaped vivid yellow flowers. 8ft.	<b>£12.50</b>
<b>Paeonia itoh hybrids</b>	Developed in Japan, these are a cross between herbaceous Paeony and Shrub Paeony. Although the plants are herbaceous, they have very strong shrub-like stems which do not need staking. The foliage is more shrub-like, handsome, lasts the season looking good and has fine autumn colour.. Very beautiful flowered forms have been produced. Hardy and easy and longer flowering period than Herbaceous Paeony. 3ft.	
<b>Paeonia itoh 'Bartzella'</b>	Large frilly edged soft lemon yellow flowers are sweetly fragrant. The flower centre is stained cherry red and prominent deep yellow stamens.	<b>£18.50</b>
<b>Paeonia itoh 'Cora Louise'</b>	Semi-double flowers with ruffled petals. White with a purple flushed centre and a boss of yellow stamens	<b>£25.00</b>
<b>Paeonia itoh 'Julia Rose'</b>	Large silky flowers in a delicious blend of cherry pink, apricot and salmon.	<b>£25.00</b>
<b>Paeonia itoh 'Scarlet Heaven'</b>	Deepest ruby-red single flowers with yellow centres look stunning against the ferny foliage.	<b>£25.00</b>
<b>Paeonia lactiflora 'Angel Cheeks'</b>	Beautiful rounded flowers with a filled centre and outer ruff of white with a delicat pink flush.	<b>£14.50</b>
<b>Paeonia lactiflora 'Black Beauty'</b>	Darkest red-black large semi-filled flowers with ruffled petals and a heady fragrance. A rarely offered and exquisite Peony!	<b>£14.50</b>
<b>Paeonia lactiflora 'Bowl of Beauty' AGM</b>	Stunningly beautiful flowers, the outer petals are fuchsia-pink making a bowl filled with narrow petal-like creamy white stamens. 3ft.	<b>£12.50</b>
<b>Paeonia lactiflora 'Candy Stripe'</b>	Beautiful rounded flowers are full double and coloured white and red. Very showy.	<b>£18.50</b>
<b>Paeonia lactiflora 'Celebrity'</b>	Large vibrant raspberry-pink fully double flowers produced in late spring. A filled centre with both white and pink petals. 3ft.	<b>£14.50</b>
<b>Paeonia lactiflora 'Do Tell'</b>	An anemone flowered Paeony with blush pink outer petals and a centre of flattened petals in a mixture of cream and dark pink.	<b>£16.50</b>
<b>Paeonia lactiflora 'Felix Crousse'</b>	Large double ruffled deep crimson-pink flowers with a darker centre and silver-margined petals. Fragrant.	<b>£12.50</b>

<b>Paeonia lactiflora</b> <b>'Gay Paree'</b>	Striking Paeony with dark pink outer petals and a centre of flattened creamy petals.	<b>£12.50</b>
<b>Paeonia lactiflora</b> <b>'Immaculee'</b>	Large semi-double bowl shaped flowers open flushed pink and become pure white.	<b>£12.50</b>
<b>Paeonia lactiflora</b> <b>'Monsieur Jules Elie'</b>	Large raspberry-pink flowers are fully double. Free flowering and fragrant.	<b>£12.50</b>
<b>Paeonia lactiflora</b> <b>'Raspberry Sundae'</b>	Large fully double sweetly fragrant blooms with cream outer petals flushed red becoming deeper towards the centre. 3ft.	<b>£12.50</b>
<b>Paeonia lactiflora</b> <b>'Sorbet'</b>	A 'Bowl of Beauty' with an extra layer of ruffled pink petals on top - like an ice cream sundae!	<b>£12.50</b>
<b>Paeonia tenuifolia</b>	Brilliant scarlet flowers with black centres in the middle of fine dark green Dill-like foliage. Very rare and choice and not often available. Flowers May/June. 2ft.	<b>£20.00</b>
<b>Papaver orientale</b> <b>'Patty's Plum'</b>	Velvety purple flowers on upright stems above bristly foliage. An amazing colour.	<b>£7.50</b>
<b>Papaver orientale</b> <b>'Royal Wedding'</b>	Large pure white flowers with a black basal blotch on each petal. Striking!	<b>£7.50</b>
<b>Panicum virgatum - Switch Grass</b>	Clump forming grass with wonderfully open, airy growth. Stiff, slender stems, arching leaves and clouds of tiny purple spikelets produced in panicles from mid-summer onwards.	
<b>Panicum virgatum</b> <b>'Squaw'</b>	Vigorous selection with huge heads of purplish spikelets and intense red and purple leaf colouring in autumn. 4-5ft.	<b>£10.00</b>
<b>Pennisetum - Fountain Grass</b>	A group of warm season growing evergreen grasses, appreciated for their long soft fox tail-like flower heads and their beautiful arching habit.	
<b>Pennisetum alopecuroides</b> <b>'Black Beauty'</b>	Beautiful form with very dark large bottle-brush flowers in late summer. Cut almost to the ground in spring. The new growth is bright green. Full sun. 3ft.	<b>£12.50</b>
<b>Pennisetum alopecuroides</b> <b>'Hameln'</b>	Beautifully shaped flower heads with long hairy white whiskers, bright red at the tips, arching out like sprays of water. Free-flowering and extraordinarily attractive. Free flowering in a sunny site. 3ft.	<b>£10.00</b>
<b>Pennisetum macrourum</b>	Long, thin bottle brushes of white flowers are produced in late summer. Tall, upright stems which sway gently. Clump forming habit. 6ft.	<b>£12.50</b>
<b>Pennisetum orientale</b> <b>'Karley Rose'</b>	Extraordinarily attractive, with larger, longer flowers heads and taller culms, than the species. Very free flowering and showy! 2-3ft.	<b>£10.00</b>
<b>Pennisetum orientale</b> <b>'Tall Tails'</b>	Upright stems bear arching fluffy flower heads, pink becoming silver. 4ft. Similar to P.o.'Karley Rose, but taller. Full sun.	<b>£12.50</b>
<b>Pennisetum villosum</b> AGM - <b>Egyptian Fountain Grass</b>	Stunning grass covered in thick ivory white plumes that cascade over path or front of border to great effect. Grows well at Sissinghurst. Hardy down to -5C°. 18ins to 2ft.	<b>£5.00</b>
<b>Penstemon</b> <b>'Dark Towers'</b>	Pale pink tubular flowers on upright stems above clumps of rich glossy purple. Sun and good drainage. 3ft.	<b>£10.00</b>

<b>Perovskia atriplicifolia</b> 'Blue Spire' AGM	Delicate deeply cut silvery-grey foliage topped by slender panicles of deep blue lavender-like flowers August to September to 3ft. Prefers sun and good drainage.	<b>£8.50</b>
<b>Persicaria virginiana</b> 'Painter's Palette' (Tovara 'P. P.')	Large brightly variegated leaves in cream, green and pink are marked with a brown chevron that looks like it has been painted on. Long red rat's tail flowers. Non-invasive and prefers shade and soil not too dry. Hardy and easy. 2ft.	<b>£8.50</b>
<b>Persicaria polymorpha</b> ( <i>Polygonum polymorpha</i> )	A beautiful, stately plant. Creamy white plumes arch slightly, giving this with its large green leaves an tropical appearance. Clump a spreader like other	 <b>£10.00</b>
<b>Petasites</b>	Vigorous spreading plants, idea for providing ground cover in very large areas.	
<b>Petasites japonicus</b> var <b>giganteus</b> 'Nishiki-buki'	( <i>P.j var g. 'Variegatus'</i> ) Large, round, yellow- variegated leaves up to 18 ins diameter, are held on 3ft stems providing dense and effective ground-cover in damp areas. Heads of pale yellow appear in late winter before the leaves emerge. A vigorous spreader.	<b>£10.00</b>
<b>Phalaris arundinacea</b> 'Feeseey'	Spectacular grass. Leaves of purest white with pale green stripes. Easily grown. An excellent contrast to darker coloured plants. 'Feeseey' has more white and is less invasive. 4ft.	<b>£8.50</b>
<b>Philadelphus -</b> <b>Mock Orange</b>	Useful garden shrubs producing highly scented white flowers in early summer. They are hardy and undemanding, easily grown on most soils, incl shallow chalk. Sun/ semi-shade.	
<b>Philadelphus maculatus</b> 'Mexican Jewel'	Unusual small shrub with narrow leaves and masses of beautiful pure white flowers with a wine coloured central blotch bend their necks gracefully. Intensely fragrant! To 5ft.	<b>£12.50</b>
<b>Philadelphus</b> 'Natchez'	Semi-double large well-scented blooms on an arching fountain-shaped vigorous shrub to 10ft.	<b>£15.00</b>
<b>Phlomis russeliana</b>	Handsome large rough leaves form good dense ground-cover. Stout stems bear soft yellow hooded flowers in whorls during summer. Seed heads remain decorative through winter. 3ft. Easy and vigorous in a sunny well-drained spot.	<b>£7.50</b>
<b>Phlomis tuberosa</b> 'Amazone'	Large heart-shaped corrugated leaves are topped by tall spikes of mauve flowers in whorls. Beautiful! 5ft.	<b>£8.50</b>
<b>Phlox</b>	Colourful and fragrant perennials, divided into Border Phlox and Alpine Phlox. Alpine Phlox are small, matforming sub-shrubs for rockeries and pots, flowering in spring. Here we concern ourselves with varieties of Border Phlox, which flower in summer, and are easily grown.	

<b>Phlox carolina 'Magnificence'</b>	Wonderful eye-catching and fragrant cultivar a shade of lilac pink that changes with the mauve, pink, purplish. Very healthy foliage, resistant to mildew and heat. 3ft.		<b>£10.00</b>
<b>Phlox carolina subsp. angusta</b>	Beautiful Phlox with narrow leaves and mauve-purple flower-heads in summer. Hardy and easily grown. Disease free. 3ft.		<b>£10.00</b>
<b>Phlox 'Fashion Lavender Ice'</b>	New Plox which is very early flowering and has healthy disease free shiny foliage. Large heads of white flowers with a lavender eye. Easy in good soil and sun. 3ft.		<b>£10.00</b>
<b>Phlox 'Fashion Early Flamingo'</b>	As above but with flowers of Orchid-pink.		<b>£10.00</b>
<b>Phlox maculata 'Natascha'</b>	Striking form with white flowers on which each petal has a central stripe of lilac-purple. The flowers are borne in cylindrical heads in summer on tall willowy stems with narrow pointed leaves. Self-supporting and fragrant. 3ft.		<b>£10.00</b>
<b>Photinia x fraseri 'Red Robin' AGM</b>	Brilliant red new leaves. Vigorous evergreen shrub up to 15ft, but can be hard pruned, as required. Suitable as a hedge or specimen plant.		<b>£10.00</b>
<b>Photinia serratifolia 'Pink crispy'</b>	Leaves marbled white and flushed pink and red. Not as vigorous as other Photinias and good in a large pot. Plants on a stem.		<b>£30.00</b>
<b>Physocarpus opulifolius 'All Black'</b>	Dark red maple like foliage becomes almost black. White flowers. Compact habit to 4ft.		<b>£20.00</b>
<b>Physocarpus opulifolius 'Little Angel'</b>	New form with orange foliage becoming dark purple. Neat small leaves and a dense compact habit. White flowers. Hardy shrub for a container or in the garden. 3ft.		<b>£20.00</b>
<b>Picea - Spruce</b>	Large genus of tall conical conifers, including important forestry trees and some very ornamental garden trees and cultivars.		
<b>Picea glauca 'Conica'</b>	Charming small conifer forming a neat dense conical shape. Makes a good small christmas tree but will grow happily in the garden.		<b>£6.50</b>
<b>Pieris 'Flaming silver'</b>	An evergreen shrub with bright red leaves when new, turning pink and then green with a conspicuous cream margin. Clusters of white flowers in spring. 5ft.		<b>£10.00</b>
<b>Pieris 'Forest Flame'</b>	New growth is brilliant sealing wax red, turns pink, white and finally green. Clusters of white flowers in spring. 5ft.		<b>£10.00</b>
<b>Pinus - Pine trees</b>	Mainly large evergreen trees with long needles held in bunches.		

<b>Pinus wallichiana</b> AGM - <b>Bhutan Pine</b>	Exquisite, ultimately large Conifer with a broad crown. Long soft blue-green needles gracefully drape outstretched branches, where banana shaped cones, up to 10 ins long, hang in bunches.	<b>£12.50</b>
<b>Pinus wallichiana</b> 'Zebrina'	As above but the long blue-green needles are banded creamy-yellow.	<b>£17.50</b>
<b>Pittosporum</b>	Evergreen shrubs with interesting and varied leaves. Flowers are small and sweetly scented. Prefer sun and well drained soil and useful for maritime sites.	
<b>Pittosporum tenuifolium</b> 'Irene Paterson'	Striking evergreen foliage shrub. Young leaves cream, becoming dark green marbled white, tinged pink in winter. To 8ft.	<b>£12.50</b>
<b>Pittosporum tenuifolium</b> 'Tom Thumb' AGM	Neat shiny evergreen undulating leaves are lime-green when emerging but turn to a dark black purple colour. Particularly pronounced in spring when the new shoots emerge against the dark older foliage. Forms a dense, rounded bush that with minimal pruning can be made to form a perfect dome. 3ft.	<b>£12.50</b>
<b>Pittosporum tenuifolium</b> 'Warnham Gold'	Golden-green leaves become golden-yellow. Striking evergreen best colour in sun. 8ft.	<b>£12.50</b>
<b>Plumbago auriculata</b>	Terminal racemes of sky blue flowers produced continuously through summer. A vigorous climber. Sunny spot. Keep frost free during winter.	<b>£15.00</b>
<b>Podophyllum peltatum</b> - Mayapple	Glossy green lobed leaves emerge in spring metallic bronze. Fragrant white cup-shaped flowers are followed by yellow-green fruit. Best in shade. 18ins.	<b>£10.00</b>
<b>Podophyllum</b> 'Spotty Dotty'	Extra-ordinary new plant grown chiefly for its foliage - strangely attractive, covered in mad dark spots and bumps, like a toad's skin! Dark red bell flowers and- sometimes - large green fruits add to its appeal! Shade and soil not too dry. 12ins.	<b>£10.00</b>
<b>Podocarpus totara</b> 'Pendula'	Slow growing Conifer with Yew-like foliage. Matures into a elegant weeping small tree. Sheltered spot.	<b>£12.50</b>
<b>Polygonatum verticillatum</b>	Upright stems from which radiate whorls of narrow leaves. Under each whorl of foliage hangs a cluster of small greenish white flowers. 2ft.	<b>£10.00</b>
<b>Polygonatum x hybridum</b> 'Weihestephan'	Tall upright stems arch over at the top and bear pendulous white flowers. This form has larger flowers. 3ft. Shade.	<b>£8.50</b>
<b>Polystichum setiferum</b> 'Plumosum Densum' -	<b>Soft Shield Fern.</b> Fresh green fronds segments are densely arranged giving a sculptured appearance. Evergreen. 2ft. Very decorative and versatile.	<b>£10.00</b>

<b>Primula florindae</b> AGM	Cool lemon yellow drooping fragrant bells set on stems well above rosettes of healthy green rounded foliage. A beautiful, easily grown plant for moist or wet soil in sun or shade. Flowers in June/July for weeks. Good combined with Hostas. 2ft.	<b>£8.50</b>
<b>Prunus nipponicum</b> 'Brilliant'	Upright shrub with a profusion of dazzling white flowers in spring. Buds are flushed pink before opening. 4ft.	<b>£12.50</b>
<b>Pulmonaria - Lungwort</b>	Most useful, attractive semi-evergreen, lush groundcover for part shade or shade.	
<b>Pulmonaria 'Blue Ensign'</b>	Long, narrow leaves in bold clumps with sprays of luminous pure dark blue flowers in spring. 18 inches.	<b>£8.50</b>
<b>Pulmonaria 'Majeste'</b>	Leaves almost entirely silver. Pink flowers.	<b>£8.50</b>
<b>Pyrus salicifolia</b> 'Pendula'	A small weeping tree with narrow grey felted leaves and creamy white flowers in late spring.	<b>£30.00</b>
<b>Rehderodendron macrocarpum</b>	Rare small tree with a profusion of small white flowers in spring which turn into large reddish seed pods. Sheltered site and acid soil.	<b>£20.00</b>
<b>Rhaphiolepis umbellata</b>	Compact evergreen shrub with handsome leathery leaves and large panicles of rose-pink flowers. Sheltered position in sun or part shade. Good in a tub. Small plants.	<b>£12.50</b>
<b>Rhynchospora latifolia 'White Star'</b>	Charming perennial Sedge with upright stems and white fairy-like flowers. Needs a damp soil and may be grown in up to 2inches of water. Protect in winter.	<b>£12.50</b>
<b>Rodgersia 'Bronze Peacock'</b>	Copper coloured young foliage turns green edged red, dark pink fluffy flower heads in early summer followed by red seeds. 2ft. Best in damp soil and part shade. Assort well with Hostas.	<b>£10.00</b>
<b>Rodgersia pinnata</b> 'Chocolate Wings'	Bold pinnate crinkled leaves are chocolate-purple in spring becoming dark green. Starry dark pink flowers. 3ft.	<b>£10.00</b>
<b>Rodgersia podophylla</b>	Handsome plant with large Horse Chestnut-like leaves. In this particular species the big jagged lobes are bronze tinted, and the fluffy heads of sweetly scented flowers in summer are creamy-green . Prefers moist soil. Sun or shade. 3 ft.	<b>£10.00</b>
<b>Roses</b>	A mixture of shrubs and climbing or rambling plants, all of outstanding beauty and intrigue, and mostly with exquisite fragrance. We make a very careful choice, wishing to bring you a wide selection of really worthwhile and unique Roses for you to grow and enjoy!	
<b>Rosa 'Arthur Bell'</b> (Floribunda)	Large fragrant semi-double flowers open bright yellow fading to cream. Reliable and easily grown. 3ft.	<b>£12.50</b>
<b>Rosa 'Ballerina'</b> AGM (Hybrid Musk/ Polyantha)	Large clusters of small blush pink single flowers on a short robust rounded shrub. Musk perfumed. One of the most reliable and longest flowering of shrub roses! 4 ft x 4 ft.	<b>£12.50</b>

<b>Rosa banksiae 'Lutea'</b> AGM (Climber)	Unusual and beautiful vigorous semi-evergreen climbing rose. 30 ft. Requires a warm wall. Hanging clusters of deep yellow, slightly fragrant, double flowers in May/June.	<b>£14.50</b>
<b>Rosa 'Blue for You'</b> (Floribunda)	Sensational new colour break! Semi-filled lavender blue flowers with a paler centre and prominent golden stams. Wonderful fragrance! Short bushy shrub. 2½ft.	<b>£12.50</b>
<b>Rosa 'Burgundy Ice'</b> (Floribunda)	Deep plum purple velvety petals with a pale reverse - very special! An offspring of R. 'Iceberg', this rose never stops flowering. Scented and disease resistant. 3 ft.	<b>£12.50</b>
<b>Rosa 'Champagne Moment'</b> (Floribunda)	Trusses of creamy pink well formed flowers, beautifully fragrant, with apricot centres. Glossy dark green foliage. Repeat flowering and exceptionally disease resistant. 3 ft.	<b>£12.50</b>
<b>Rosa chinensis 'Bengal Crimson'</b>	Large lax-petalled single flowers are deep-red. Produced continuously through summer. Compact to 5ft.	<b>£10.00</b>
<b>Rosa chinensis 'Mutabilis'</b>	Deep purple young shoots with coppery young foliage. Orange buds open to buff coloured single flowers, shaded with carmine and aging to crimson from summer into autumn. Tea-scented. Prefers a sunny, sheltered site. To 6ft.	<b>£10.00</b>
<b>Rosa 'Cornelia'</b> AGM (Hybrid Musk)	Lovely coppery-pink flowers with a good perfume cover the reddish branches all through the season. Often one of the last roses in Nov/ Dec! Disease resistant copper-toned foliage and tolerant of most conditions, including some shade. 4-5 ft.	<b>£12.50</b>
<b>Rosa 'Duchess of Cornwall'</b> (Floribunda)	Deep apricot fully double flowers are sweetly fragrant. A superb Rose that is free-flowering over a long period and has disease resistant foliage. 4ft.	<b>£12.50</b>
<b>Rosa 'Enchantress'</b> (Hybrid Tea)	Large fully double almost globular flowers are rich pink fading darker and with a fruity fragrance. Free flowering all summer. 3ft.	<b>£12.50</b>
<b>Rosa 'Etoile de Hollande Climbing'</b> (Rambler)	A vigorous rose bearing deep crimson, strongly perfumed flowers in early summer, then again in late summer. 18 ft.	<b>£12.50</b>
<b>Rosa 'Ferdinand Pichard'</b> (Hybrid Perpetual)	Large pale pink roses are wonderfully striped crimson and purple. Strong, rich fragrance. Repeat flowering and vigorous shrub to 4ft. One of the finest striped Roses!	<b>£12.50</b>
<b>Rosa gallica 'Versicolor'</b> AGM (Shrub)	<i>Syn. Rosa 'Mundi'</i> . Semi-double rose-red flowers striped white with some all red. Very showy. A really old variety. 5 ft.	<b>£12.50</b>
<b>Rosa glauca (R. Rubrifolia)</b> (Shrub)	Excellent for colour foliage schemes, grey-mauve leaves on purple-flushed stems. Clear pink single flowers on a tough shrub to 6 ft.	<b>£10.00</b>
<b>Rosa 'Gloriana'</b> (Climber)	One of the compact climbing Roses to 6ft. Purple grape-coloured flowers like a Hybrid Tea. Flowers produced all through summer and top to bottom of plant.	<b>£12.50</b>

<b>Rosa 'Hot Chocolate' (Floribunda)</b>	Rich russet, brown and orange blooms - a unique colour! Repeat flowering, tough and healthy, and with old rose scent, this American bred shrub rose really has it all. 3 ft.	<b>£12.50</b>
<b>Rosa 'Mme Alfred Carriere' AGM (Noisette Climber)</b>	Old-fashioned large cup-shaped blooms are ivory-white, tinted pink. Sweetly fragrant, reliable and continual flowering. Disease resistant. 20 ft.	<b>£12.50</b>
<b>Rosa 'Mme Isaac Pereire' AGM (Bourbon)</b>	Strong-growing rose with enormous madder-crimson flowers with a rich, powerful Old Rose fragrance. To 5ft. May be used as a short climber.	<b>£12.50</b>
<b>Rosa 'New Dawn' AGM (Climber)</b>	One of the best and most well known climbers of all time! Fully double, shell pink blooms with a good scent produced throughout the season. Strong and vigorous to 20 ft.	<b>£12.50</b>
<b>Rosa 'Nostalgie' (Hybrid Tea)</b>	Truly unique, two-tone well filled flowers; creamy white centres with cherry-red outer petals. Strongly scented and abundant dark green foliage. A wonderful cut flower with straight, strong stems - perfect for flower arranging and the show bench! 3 ft.	<b>£12.50</b>
<b>Rosa 'Open Arms' AGM (Dwarf Rambler)</b>	Cascades of shell pink open flowers with prominent golden stamens, repeats through the season. Shiny, dark green foliage. 6-10 ft.	<b>£12.50</b>
<b>Rosa 'Pure Poetry' (Hybrid Tea)</b>	Large burgundy flowers are filled like an Old English Rose. Sweetly fragrant and repeats well. Strong upright stems to 4ft.	<b>£12.50</b>
<b>Rosa 'Rambling Rector' AGM (Rambler)</b>	A profusion of large clusters of small fragrant creamy-white semi double flowers followed by good red hips. To 20 ft or more.	<b>£12.50</b>
<b>Rosa 'Rhapsody in Blue' (Shrub)</b>	Completely unique rose - semi-double flowers are deep purple with the odd white streak, fading to inky blue, offset by golden stamens and lush, abundant foliage. Sweetly perfumed, healthy, repeat-flowering and vigorous, to 5 ft.	<b>£12.50</b>
<b>Rosa 'Scent from Heaven' (Climber)</b>	Rose of the year 2017. Very fragrant classic burton-hole orange flowers produced through summer. A compact climber to 8ft.	<b>£12.50</b>
<b>Rosa 'Scentimental' (Floribunda)</b>	Semi-double flowers are richly coloured cream with red stripes. Highly scented, repeat flowering and disease resistant. Will tolerate a little shade. Rich green healthy looking foliage. 4ft.	<b>£12.50</b>
<b>Rosa 'Sussex' (Groundcover)</b>	Apricot filled flowers in large clusters. Repeat flowering ground cover rose to 2ft.	<b>£10.00</b>
<b>Rosa 'Warm Welcome' AGM (Miniature Climber)</b>	Exciting new breakthrough in Rose breeding - a miniature climber to 6 ft. Brilliant orange flowers all summer and red flushed purple new growth.	<b>£12.50</b>
<b>Roscoea purpurea 'Spice Island'</b>	A dream of a plant. Lavender-pink orchid like flowers on strong purple flushed stems in August. Worth a good site. Prefers a rich soil and a winter mulch. Sun or a little shade. 18ins.	<b>£14.50</b>

<b>Rosmarinus officinalis</b> <b>'Miss Jessop's Upright'</b>	A good form of Rosemary with a neat upright habit. Blue flowers in Spring. 3ft	<b>£7.50</b>
<b>Rosmarinus officinalis</b> <b>'Rampant Boule'</b>	Prostrate Rosemary with a very elegant habit. Branches arch up and over and have dark blue flowers in spring.	<b>£7.50</b>
<b>Rubus squarrosus</b>	Strange leaf-less low shrub with dark green tangled stems and decorative ivory white thorns. Forms thick impenetrable mounds up to 18ins.	<b>£16.50</b>
<b>Rudbeckia</b>	Effective and easily grown summer border plants with large daisy flowers mostly with a prominent central cone.	
<b>Rudbeckia fulgida</b> <b>'Forever Gold'</b>	Bright golden-yellow daisy like flowers with a blackish-brown centre produced for a longer period over leafy clumps. 2ft.	<b>£10.00</b>
<b>Rudbeckia fulgida</b> <b>'Goldsturm' AGM</b>	Indispensable perennial, reliably and prolifically producing vivid yellow daisies with large black centre cone. Aug/Oct. 2ft .	<b>£8.50</b>
<b>Rudbeckia laciniata</b> <b>'Goldquelle' AGM</b>	Fully double lemon-yellow flowerheads look akin to Dahlias. Striking perennial, wonderful with Aconitum or blue Salvia. 3ft.	<b>£8.50</b>
<b>Rudbeckia maxima</b>	Large glaucous paddle-shaped leaves and tall stems bearing drooping petalled yellow daisies with protruding black cones. 4ft. Plant in a sunny spot with good rich soil .	<b>£12.50</b>
<b>Rudbeckia nitida</b> <b>'Herbstsonne' AGM</b>	Single yellow daisies on stout leafy stems. Robust, large flowered and tall. To 6ft . No staking required.	<b>£12.50</b>
<b>Ruscus aculeatus</b> <b>'Hermaphrodite Form' - Butcher's Broom</b>	The small, densely arranged, sharp leaves are actually flattened stems. Bright red berries follow insignificant flowers. Forms a dense thicket. Will grow in dense dry shade. 3ft.	<b>£12.50</b>
<b>Saccharum ravennae</b>	Rarely grown tall grass of architectural value. Broad arching grey-green leaves and tall purple-tinted stems bearing silky silver open plumes. 6ft.	<b>£25.00</b>
<b>Salix - Willow</b>	A wide and diverse genus including large trees and small alpiners. Most are easily grown.	
<b>Salix babylonica</b> <b>'Crispa' (S.b. 'Annularis')</b>	A curious form which has the leaves neatly curled into rings giving a most odd appearance. Best cut hard back every winter, for the best leaf display. Different size plants available.	<b>£12.50</b>
<b>Salix chaenomeloides</b> <b>'Mt Aso'</b>	Giant pink fluffy catkins on this Giant Pussy Willow from Japan is a real heartwarmer on a winter's day. Large shrub, but easy to hard prune to more manageable proportions. Good as cut stems for the house.	<b>£10.00</b>
<b>Salix exigua - Coyote Willow</b>	Elegant narrow leaves, intensely silver on grey stems. Adaptable to most situations. To 10ft .Various size plants available from	<b>£12.50</b>

<b>Salix integra 'Hakuro-nishiki'</b>	A small tree formed by grafting <i>S. integra 'Albomaculata'</i> onto a stout 3-5ft stem. Very effective; looks like the tree is in flower all through the season! Varying sizes, from	<b>£16.50</b>
<b>Salix nakamuraana var. Yezoalpina</b>	Alpine willow forming a low mat. New leaves in spring are silky-silver and 2inch catkins appear in spring. Planted in a pot, it will hang over the sides.	<b>£16.50</b>
<b>Salvia - Sage</b>	Aromatic perennials, sometimes shrubby, with mostly hairy leaves and lipped flowers in bright colours, often held in spires. Most want a well-drained spot in full sun. Some are frost tender, others are fully hardy.	
<b>Salvia 'Nachtvlinder'</b> ( <i>Salvia 'Moth'</i> )	<b>NEW!</b> Covered in rich sumptuous purple flowers over a long period. A drought tolerant and easy shrubby Sage for a sunny well drained site. 2½ft.	<b>£7.50</b>
<b>Salvia nemerosa 'Midnight Model'</b>	Spikes of vibrant electric blue. A new colour form which is striking. Forms leafy clumps and is hardy. Sunny site.2ft.	<b>£8.50</b>
<b>Salvia nemerosa 'Ostfriesland' AGM</b>	( <i>S. n. 'East Friesland'</i> ) Intense deep purple flowers on stout erect stems for weeks during summer. Easily grown reliable perennial for a sunny site. 2ft.	<b>£7.50</b>
<b>Salvia uliginosa AGM</b>	Graceful tall stems bear waving sprays of clear azure blue flowers. Lovely late flowering perennial for sheltered sunny spot, not too dry. To 6ft. Requires no staking.	<b>£10.00</b>
<b>Salvia uliginosa 'Ballon Azul'</b>	As above but more compact growing to 3ft.	<b>£10.00</b>
<b>Sambucus canadensis 'Maxima'</b>	A remarkable form of the American Elder. Enormous pinnate leaves are topped by equally large flower clusters up to 18 inches across. Vigorous and robust. Largest leaves and flowers are achieved by hard pruning in spring.	<b>£12.50</b>
<b>Sambucus ebulus</b>	An herbaceous Elderberry - sending up straight shoots terminated by flat heads of white flowers tinted pink in September. Shoots radiate out from the ground and form new plants. A rapid colonizer for the wild garden.	<b>£12.50</b>
<b>Sambucus nigra - Elderberry</b>	Hardy shrub or small tree able to grow in the darkest, dampest or driest corner of the garden. Native to Britain, in the past it held an honoured place in the domestic pharmacy. From its berries, a wine or syrup may be prepared by boiling with sugar. If diluted with hot water and taken just before bedtime, rural folk claim it to be an excellent remedy for colds and chills. Sambucus may be allowed to grow into large shrubs or exceptionally small trees but they may be pruned each spring which provides a finer show from those grown for their foliage characteristics. The following cultivars are available:	
		
<b>Sambucus nigra 'Black Lace'</b>	A fantastic new form with almost black, dissected foliage and creamy-pink buds and flowers followed by blackish-red berries in autumn.	<b>£10.00</b>

<b>Sanguisorba - Burnet</b>	Sanguisorbas are meadow plants, often growing in slightly wetter locations. They enjoy a fertile soil, but will adapt to drier and less rich conditions. They go well with other perennials in a mixed border and look good with grasses.	
<b>Sanguisorba 'Blackthorn'</b>	Tall upright with fluffy dark red flowers which open pink. August-September. 5ft. Hardy but not on very dry soil.	<b>£12.50</b>
<b>Sanguisorba 'Burr Blanc'</b>	White cylindrical bobble flowers on tall wiry stems. Clumps of fresh green divided foliage. Soil not too dry. Self supporting if in an open spot. 6ft.	<b>£10.00</b>
<b>Sanguisorba 'Cangshan Cranberry'</b>	Very tall upright with dark red fluffy flowers which open pink. July/August. 7ft. Hardy but not for very dry soil.	<b>£12.50</b>
<b>Sanguisorba hakusanensis 'Pink Brushes'</b>	Fluffy lavender pink flower heads drooping over glaucous green rosettes of wide wavy-edged Burnet leaves. Flowers summer to early autumn. 5ft.	<b>£12.50</b>
<b>Sanguisorba officinalis 'Tanna'</b>	Wiry stems topped by deep-purple flowers in summer above clumps of grey-green foliage. Compact habit to 2ft..	<b>£8.50</b>
<b>Sanguisorba menziesii 'Wake Up'</b>	Stout upright stems topped by large dark purple bottlebrush flowers in summer above clumps of glaucous foliage. This has longer flowers than the type. 3ft.	<b>£10.00</b>
<b>Sanguisorba tenuifolia 'Alba'</b>	Tall wiry stems are branched at the top and carry white bottlebrush flowers in summer above clumps of handsome ferny foliage. 5ft.	<b>£10.00</b>
<b>Sarum henryi</b>	Unusual plant with felty dark flushed heart shaped leaves and bright single yellow flowers in spring and early summer. Good in shade. Hardy 12ins.	<b>£8.50</b>
<b>Saxifraga fortunei 'Blackberry and Apple Pie'</b>	Large scalloped, glossy bright green leaves with red undersides. Large and healthy plants. White flowers in late autumn. To 18 ins.	<b>£10.00</b>
<b>Saxifraga fortunei 'Black Ruby'</b>	Almost black leaves are shiny and scalloped edged and have ruby-red flowers in autumn. A little smaller than other S. fortunei.	<b>£8.50</b>
<b>Saxifraga fortunei 'Cheap Confections'</b>	Large candy-pink flowers which have frilly petals. Very showy. Flowers late above clumps of shiny green foliage.	<b>£10.00</b>
<b>Saxifraga fortunei 'Rubrifolia'</b>	Airy sprays carry clouds of white flowers September to November above rosettes of broad shining scalloped leaves with bright red reverse. Prefer some shade and good soil. 12ins.	<b>£8.50</b>
<b>Saxifraga 'Southside Seedling' AGM</b>	Rockery plant with tumbling sprays of white flowers with an arresting red eye. Leaves in a neat rosette with silver hair on the edge of each leaf. 8-10 ins.	<b>£8.50</b>
<b>Saxifraga x urbium 'Variegata' - Variegated London Pride</b>	Evergreen spreading rosettes of dark green fleshy leaves boldly splashed with yellow and cream. Airy sprays of pink flowers in June. One of the very best groundcovers in dark corners. 12 ins.	<b>£5.00</b>

<b>Schizophragma hydrangeoides 'Roseum'</b>	Pink-flowered relative of Climbing Hydrangea. Lovely self clinging climber for a north or east facing position.	<b>£14.50</b>
<b>Scilla peruviana - Portuguese Squill</b>	Large rosettes of fleshy bright green leaves are topped by a dense pyramidal flower head of brilliant blue flowers with long stamens. More like a Hyacinth than a Squill. Late spring. 12ins.	<b>£8.50</b>
<b>Sedum 'Red Cauli'</b>	Newer form of Sedum with grey-purple leaves and deep red buds opening out to bright red densely packed flower heads. 18 ins.	<b>£8.50</b>
<b>Selinum filicifolium</b>	Finely cut doubly pinnate bright green leaves held elegantly on upright stems. White flowers in summer. 1ft. Sunny site.	<b>£8.50</b>
<b>Senecio candicans 'Angel Wings'</b>	Large evergreen leaves are silky and silver. Brilliant in a pot, on its own or with other colours, or in the border. Hardy and easy.	<b>£10.00</b>
<b>Sequoia sempervirens 'Kobel'</b>	A smaller version of Coastal Redwood. Will not grow as tall but still has the same narrow conic shape.	<b>£25.00</b>
<b>Sequoiadendron giganteum</b>	Neatly conical upright Conifer eventually very large but very architectural in the garden for 20 years and stately after that.	<b>£15.00</b>
<b>Silphium laciniatum</b>	Much divided flat leaves looking much like a large aquatic bird's foot. Also curious in that the are held upright and follow the sun round during the day. 6ft.	<b>£12.50</b>
<b>Smilacina racemosa</b>	Graceful arching stems terminate in a fluffy creamy white spike, deliciously scented. Bright red berries. A shade-loving plant for an acid soil. 3 ft	<b>£10.00</b>
<b>Solanum crispum 'Glasnevin'</b>	Fragrant clusters of deep blue-purple flowers from summer to autumn. Vigorous climber for a sunny site.	<b>£10.00</b>
<b>Solanum laxum 'Coldham'</b>	Clusters of white flowers delicately flushed blue produced all summer on a twining climber with dark green leaves flushed purple. Sheltered wall in full sun. This beautiful plant comes to us courtesy of the late plantsman Jack Elliot, in whose garden 'Coldham' at Little Chart Forstal it grew.	<b>£12.50</b>
<b>Sphaeralcea 'Newleaze Coral'</b>	Coral-red flowers produced almost continuously on a compact evergreen shrub to 3ft. Sun and well drained soil.	<b>£8.50</b>
<b>Spigelia marilandica 'Little Redhead'</b>	<b>New</b> sensational introduction! Bright red tubular buds open to reveal yellow star-shaped flowers over broad ribbed green leaves. A clump forming shade lover for a moist woodland spot, from N America. 12ins.	<b>£12.50</b>
<b>Spiraea x vanhouttei 'Pink Ice'</b>	Striking leaves are heavily flushed white and pink. Pink flowers. Hardy and easy in a sunny position. 3ft.	<b>£10.00</b>
<b>Sorbaria kirilowii (S. arborea)</b>	Magnificent shrub of the largest size. Erect stems clad with luxuriant foliage reach up to 20ft, arching out at the top under the weight of enormous panicles of white flowers. A spectacular lawn specimen. Available in several sizes.	<b>£12.50</b>

<b>Stachys macrantha</b> 'Superba'	Handsome veined and wrickled dark green leaves and dense erect spikes of hooded deep purplish-pink flowers from early summer to autumn. Hardy.2ft.	<b>£8.50</b>
<b>Stipa</b>	A diverse genus, from needle grasses to feather grasses. Prefers an open, well drained site.	
<b>Stipa gigantea</b> AGM	Tall stems bear huge heads of flowers opening purple and turning harvest yellow. Dense, weed-proof clumps of evergreen foliage. 6ft. One of the loveliest of all grasses!	<b>£10.00</b>
<b>Stipa gigantea</b> 'Goldfontäne'	An exceptional form. Larger panicles on taller, stronger stems, flowers are more golden coloured and arch gently. Small plants	<b>£12.50</b>
<b>Stipa pennata</b>	Elongated silver flower heads trail in the wind. A beautiful grass for a sunny well drained spot. 3ft.	<b>£8.50</b>
<b>Stipa tenuissima</b>	Graceful upright clumps of thin leaves arch, fountain-like. Fine wispy inflorescences in midsummer, that move and ripple like silk with every breath of air. 2ft.	<b>£7.50</b>
<b>Syringa x josiflexa</b> 'Bellicent' AGM - Lilac 'Bellicent'	Elegant arching shrub with large racemes of rose-pink fragrant flowers in early summer. A Lilac with a difference, this needs to be given enough space to show off its outline to best effect. 12ft.	<b>£20.00</b>
<b>Tanacetum vulgare</b> 'Golden Feather'	Golden feathery foliage on strong upright stems bearing heads of yellow flowers in summer. The whole plant is strongly aromatic and is used for medicinal purposes. A striking splash of colour and easily grown to 3ft.	<b>£7.50</b>
<b>Tanacetum vulgare</b> var. <b>crispum</b>	More compact than the species, this form makes a good garden plant, providing excellent ground cover. Exquisitely cut leaves and yellow button flowers. 2ft	<b>£7.50</b>
<b>Taxus baccata</b> AGM - <b>Yew</b> 	Dark evergreen foliage tolerating clipping well and growing on the poorest soils except waterlogged and coping with dense shade makes this one of the finest plants for hedging. It can grow fast initially and a 5ft high hedge is possible in 5years but when established, requires only one cut a year. Dark black green foliage provides a good contrast for brighter plant colours. Available in several sizes and price depends on quantity. Please contact us for a quote.	<b>P.o.a.</b>
<b>Taxus baccata</b> 'Gracilis Pendula'	Interesting form with pendulous branches. Best trained to a cane to start with to give height from which the branches will cascade down.	<b>£25.00</b>
<b>Thalictrum</b> 'Black Stockings'	A variety of <i>T. aquilegifolium</i> , this Meadow Rue is tall, with fluffy lilac flowers and jet black flower stems. Blue-green foliage, similar in shape to Columbine's. To 7ft.	<b>£10.00</b>
<b>Thalictrum delavayi</b> 'Ankum'	Larger heads of lilac-purple with longer stamens. Sun or part shade. 5ft.	<b>£10.00</b>
<b>Thalictrum</b> del.'Hewitt's Double' AGM	Tiny pure lilac double flowers on wiry stems in great clouds . A charming form. 6ft.	<b>£12.50</b>

<b>Thalictrum ichangense 'Evening Star'</b>	Heart shaped leaves are purple-brown with prominent silver veining. Starry lavender flowers on wiry stems float above the foliage in early summer. Sun or part shade. Hardy. 9Ins.	<b>£6.50</b>
<b>Thalictrum 'Perfume Star'</b>	Clouds of dark-pink sweetly fragrant flowers emerge from purple buds on wiry stems above a neat clump of foliage. 3ft. Hardy.	<b>£10.00</b>
<b>Thalictrum rochebrunianum</b>	Like a larger form of <i>T. delavayi</i> in all parts, growing to 6ft.	<b>£10.00</b>
<b>Thalictrum sphaerostachyum</b>	An improved form of <i>T. flavum</i> . Foliage is glaucous -blue and on very tall strong stems. ~The flower-heads are fluffy and lemon-yellow. 5ft.	<b>£10.00</b>
<b>Thalictrum 'Tukker Princess'</b>	Very impressive, with elegant blue-grey foliage and clouds of fluffy light yellow flowers that hint at it's <i>T. flavum</i> heritage. Later on, pink coloured stems adds extra autumn interest. To 3m!	<b>£10.00</b>
<b>Tiarella 'Candy Stripe'</b>	Deeply cut dark green leaves have a prominent purple centre. Upright spikes of whiskery flowers are pink in bud, opening cream. Good. Produced in Spring. Shade plant.	<b>£8.50</b>
<b>Tiarella 'Pink Skyrocket' - Foam Flower</b>	Frothy pink flowers in dense spikes and deeply cut evergreen foliage with red veins. One of the best groundcover perennials, equally happy in part sun or deeper shade. 12ins.	<b>£7.50</b>
<b>Tiarella 'Sunset Ridge'</b>	Amazingly this is a trailing Tiarella. Handsome leaves are marked purple. Pink flowers in spring open white. Good in a tall pot.	<b>£12.50</b>
<b>Titanotrichum oldhamii</b>	A recent introduction from China. Forms a clump of corrugated dark green foliage and in late summer, foxglove like flowers of yellow with a red throat. 1ft. Requires a sheltered site.	<b>£10.00</b>
<b>Trachelospermum jasminoides AGM</b>	Evergreen twining self-clinging climber freely producing clusters of white flowers which scent the air with sweet perfume. One of the finest fragrances of any plant. The flowers are set against glossy green foliage. A warm sunny wall usually works best. To 30ft.	<b>£20.00</b>
<b>Trachelospermum jasminoides 'Waterwheel'</b>	Narrow fingered leaf selection with distinct silver marbling, elegant and intriguing. The foliage takes on bronze tones in winter. 25ft.	<b>£14.50</b>
<b>Trachycarpus fortunei AGM Chusan Palm</b>	One of the only palms reliably hardy in Britain. Slow growing, forming a single trunk topped with large fan-shaped leaves. Will grow in sun or part shade. In a good soil it can grow fast. Available in different sizes from	<b>£16.50</b>
<b>Trachycarpus wagnerianus - Miniature Chusan Palm</b>	The common name refers to the smaller leaf size which at 24 ins is much smaller than those found on <i>T. fortunei</i> and renders it more wind tolerant. Very hardy and slow growing, making it suitable for pot culture.	<b>£25.00</b>
<b>Trachystemon orientalis</b>	Handsome heart-shaped leaves topped by sprays of starry purplish-blue flowers in spring to early summer. 18ins.	<b>£8.50</b>

<b>Tradescantia 'Sweet Kate' - Spiderwort</b>	Bright yellow to lime green foliage offset electrical blue flowers on a low sturdy perennial. Some midday shade is appreciated. 1 ft.	<b>£8.50</b>
<b>Trautvetteria caroliniensis</b>	Handsome clumps of palmate leaves are topped by powdery heads of white flowers over a long period in summer. Little known and rare. Easily grown in sun or part shade. 4ft.	<b>£10.00</b>
<b>Trifolium rubens 'Red Feathers'</b>	One of the largest flowered clovers with cylindrical red-pink flower-heads up to 2 inches long. Forms a very neat and attractive clump to 2ft. Sunny site and well drained soil.	<b>£10.00</b>
<b>Triosteum erythrocarpum - Feverwort</b>	August sees large rosy red berries adorn this unusual shade loving perennial with coarse textured leaves in pairs on upright stems. From the Himalayas. 3ft.	<b>£10.00</b>
<b>Ulmus laevis</b>	Forms a large imposing tree, not dissimilar to U. Procera. Very rarely been known to suffer from Dutch Elm Disease.	<b>£30.00</b>
<b>Ulmus uyematsui</b>	Species from Taiwan. Forms a large tree and has proved hardy in the UK. Unlike most Elms, prefers a well drained soil.	<b>£30.00</b>
<b>Veratrum maackii</b>	Another dark-flowered Veratrum, similar, but not identical, to <i>V. nigrum</i> . Leaves are longer and more pointed.	<b>£15.00</b>
<b>Veratrum nigrum</b> AGM	Large broad pleated tapering leaves alternate on stout stems topped by a branching plume of maroon-black flowers. A bold plant for a cool shady spot with good soil.	<b>£12.50</b>
<b>Verbena 'La France'</b>	A succession of bright lavender-blue flower heads through summer. Good in a pot or border. 18ins.	<b>£7.50</b>
<b>Verbena officinalis 'Bampton'</b>	Superb new plant. Masses of narrow purple tread-like stems arch out and have tiny jewel like pink flowers that open over a long period down the stems. Foliage is deep purple but only if planted in sun. 18ins.	<b>£8.50</b>
<b>Vernonia</b>	Tall back-of-border perennials useful in the autumn garden.	
<b>Vernonia crinita 'Mammuth'</b>	Newly introduced Vernonia - Rich purple daisies top a tall plant that grows best with some moisture. Flowers Sept and Oct. Native to the USA. 6ft.	<b>£12.50</b>
<b>Vernonia lettermannii 'Iron Butterfly'</b>	Fine needle-like foliage and bright purple flowers cover a well-branched, compact plant. Very tolerant of drought, and can take occasional flooding. Native to Arkansas, USA. To 3 ft.	<b>£12.50</b>
<b>Vernonia noveboracensis</b>	N. American native, a shorter alternative to the two above, with violet daisies to 4 or 5ft. A slightly moist place suits it best. Flowers Sept -Oct.	<b>£10.00</b>
<b>Veronica liwanensis</b>	Very low mats of glossy rounded leaves studded with rich blue flowers which have a white eye produced prolifically in late spring. Sunny spot.	<b>£8.50</b>

<b>Veronica umbrosa 'Georgia Blue'</b>	(formerly known as <i>V. peduncularis</i> 'G.B.') Recent discovery which forms a dense mat of evergreen foliage tinged bronze purple and a long succession of rich blue flowers in spring. Hardy and easy. 6ins.x 2ft wide.	<b>£7.50</b>
<b>Veronicastrum</b>	Erect stems with whorls of horizontal, dark green leaves, terminated by tall spikes of flowers. Clump forming, easily grown perennials, they add height and a vertical accent to any planting scheme.	
<b>Veronicastrum virginicum 'Adoration'</b>	Tall upright stems topped with reddish-Lavender flower spikes in July August.5ft.	<b>£10.00</b>
<b>Veronicastrum virginicum 'Fascination'</b>	Spectacular plant. Stout stems up to 6ft high topped by branched upright panicles of violet-purple in summer. Easily grown in a sunny site. Loved by Bees and Butterflies.	<b>£10.00</b>
<b>Veronicastrum virginicum 'Pink Glow'</b>	Soft pink spikes. 4ft.	<b>£10.00</b>
<b>Viburnum plicatum 'Pink Beauty'</b>	Layers of horizontal branches are clothed with delicate-pink lacy flowers in late spring. A beautiful shrub to 5ft.	<b>£12.50</b>
<b>Viola 'Heartthrob'</b>	Large heart-shaped leaves have a dark maroon centre and fresh green edge. Large, striking pink viola flowers appear before the leaves. Hardy. Sun or shade or grow in pots.	<b>£7.50</b>
<b>Woodwardia fimbriata</b>	Giant Chain-Fern. Large fresh green evergreen fronds can be to 6ft. Long. Best in damp sheltered sites.	<b>£10.00</b>
<b>Xanthocyparis vietnamensis</b>	Amazingly this Conifer was only discovered in 2002. growing on high limestone ridges in N. Vietnam. Related to <i>Chamaecyparis nootkatensis</i> which is now in a new group.	<b>£25.00</b>
<b>Ypsilandra thibetica</b>	Dense spikes of palest porcelain blue flowers and evergreen rosettes of pale green ribbon-like leaves. Very rare new introduction from China. Woodland and part shade. Flowers March to April. 8ins.	<b>£10.00</b>
<b>Yucca 'Vittorio Emanuele II'</b>	Rare, large growing Yucca forming an enormous clump of large, glaucous rosettes. Very free-flowering when established.	<b>£12.50</b>
<b>Zantedeschia aethiopica - Arum Lily</b>	Large heart-shaped to paddle-like leaves and curious looking flowers consisting of one large coloured bract - the spathe - surrounding a small yellow column called the spadix. This is in fact the fertile flowers, later on followed by orange berries. Splendid impressive plant for a pondside or bog garden! Frost hardy, benefits from mulching in winter or plant 3 inches below water level. The following cultivars are available:	
<b>Zantedeschia aeth. 'Little Gem'</b>	A dwarf form with white spathes produced in summer. 2ft.	<b>£8.50</b>
<b>Zantedeschia aeth. 'Glen Coe'</b>	Discovered in a Shropshire garden, this form is hardier and more floriferous than other forms. 3ft.	<b>£10.00</b>

<p><b>Zigadenus elegans</b> <b>'Pursh'</b></p>	<p>Creamy-green star-like flowers are marked yellow-green within and held on grey stems June to Aug. Long narrow strap-like leaves. 2ft</p>	<p><b>£10.00</b></p>
